Baker County Library announces changes

BAKER CITY — The Baker County Library District is planning to return to nearly normal operations on Tuesday, June 1, in response to the recent announcements by federal and state officials regarding the easing of mask and social distancing guidelines for people who are fully vaccinated.

“We do need to stay patient a bit longer while waiting for additional OHA and OSHA policy clarifications and for several staff to reach their fully-vaccinated anniversary,” said Perry Stokes, library district director. “So for now, masks are still required in the library, even for individuals who are fully vaccinated or otherwise have antibodies.”
