YOUR BIRTHDAY by Stella Wilder
Born today, you seem to embody a great many conflicting traits, to the extent that even those who know you best may mistake you for a native of another sign altogether. But this is nothing new for any Gemini native whose natural duality makes identification difficult. In your case, the opposing sides of your nature have more to do with attitude than anything else: the one side is positive and forward-thinking, while the other tends to live in the past and view the state of present-day affairs as questionable at best.

FRIDAY, MAY 28
GEMINI (May 21-June 20) -- You'll want to make a difference between "bad" and "disappointing" today before passing judgment on a job done by someone not on your team.

CANCER (June 21-July 22) -- You may want to share your opinion today, even though you know that you will get some pushback as a result. Someone is bound to

LEO (July 23-Aug. 22) -- You may be confused by the corrections you are getting from those whom you are trying to please today -- but they will make sense late in the day.

VIRGO (Aug. 23-Sept. 22) -- Take care to you don't spend more than you have available to you today. A careful accounting reveals where you may have overindulged lately.

LIBRA (Sept. 23-Oct. 22) -- It may be up to you to step in and fix that which no one else can today; the choice to do so will be yours, but the timing will be someone else's.

SCORPIO (Oct. 23-Nov. 21) -- You can keep confusion to a minimum today by following the rules as you understand them, not as they are "interpreted" by someone.

SAGITTARIUS (Nov. 22-Dec. 21) -- What you do today is likely to attract attention whether or not you like it, so you might as well prepare yourself for full exposure.

CAPRICORN (Dec. 22-Jan. 19) -- You don't have to go through things today without sharing your experiences with those who may be able to help you. Communication is key!

AQUARIUS (Jan. 20-Feb. 18) -- You'll have a hard time doing what needs to be done today if you can't get your mind off something that is more immediately pleasant.

PISCES (Feb. 19-March 20) -- The more realistic your expectations today, the more you will be able to find those who think the way you do. Such camaraderie is important!

ARIES (March 21-April 19) -- Those in the know are aware of what you are doing -- and why. Whether or not they approve is something you won't know right away.

TAURUS (April 20-May 20) -- You are perfectly willing to take on more responsibility today, but you want to know why -- and you're not willing to accept less compensation.
