YOUR BIRTHDAY by Stella Wilder  
Born today, you are not always what you seem, and in this way you are very much a true Gemini native -- one who inhabits two very distinct personalities that, one at a time, alternate in strength and dominance to the point that others may well become confused about who is the "real you" when, in fact, they both are! On one hand, you can be quite positive, excitable and even hyperactive -- especially when you are hatching a plan. On the other, however, you can be dark, brooding, dour, sullen, critical, cynical and reluctant to take part in any activities that may involve others.  
THURSDAY, JUNE 10  
GEMINI (May 21-June 20) -- You know more about what is going on today than anyone in your circle -- but there's no reason you can't get more information from others.  
CANCER (June 21-July 22) -- You'll want to consider your overall standing before taking on a project that could, in some ways, do damage to your reputation.  
LEO (July 23-Aug. 22) -- You may be surrounded by those who think they know what is going on when in fact you are the only one who understands what is really at stake.  
VIRGO (Aug. 23-Sept. 22) -- Whether or not you are "in charge" today, you should be able to do things that will matter to a large number of people over an extended period.  
LIBRA (Sept. 23-Oct. 22) -- Your own personal development must take priority today, even if it means saying "no" to someone who offers something more exciting.  
SCORPIO (Oct. 23-Nov. 21) -- News received today makes sense of information you've gathered over time but haven't known what to do with. That standstill comes to an end!  
SAGITTARIUS (Nov. 22-Dec. 21) -- You won't want to look at something that others have clearly recognized for some time -- but why? Your sense of well-being may be at stake.  
CAPRICORN (Dec. 22-Jan. 19) -- Your answers to certain questions may not "add up," so you'll be compelled to explain yourself in another way. A new phase starts today.  
AQUARIUS (Jan. 20-Feb. 18) -- You can get more out of your work than usual today, probably because you're not being quite as defensive or careful as usual.  
PISCES (Feb. 19-March 20) -- Now is not the time to put things off, but rather the time to embrace the responsibilities that have fallen to you recently.  
ARIES (March 21-April 19) -- You mustn't let your fear of the unknown control your decision-making today. Let go of any presuppositions that might be holding you back.  
TAURUS (April 20-May 20) -- You can cure yourself of any malaise today simply by moving forward at a faster pace. Don't let stillness become some kind of indulgence.
