FRIDAY, JUNE 18, 2021  
**YOUR BIRTHDAY** by Stella Wilder  
Born today, you are one of those rare individuals who is able to work well both as part of a team and individually, and you will surely win considerable praise for your collaborative accomplishments as well as your solo efforts. Which is it that you enjoy more, however? The answer to that is not easy, and you may never truly know -- but usually whenever you are immersed in a group effort you are overcome with a desire to strike out on your own, and when you are on your own, you are just as compelled, in turn, to work with others.  
SATURDAY, JUNE 19  
**GEMINI (May 21-June 20)** -- You've got to keep things moving at a steady pace today if you're going to get anything out of an agreement you recently put in place.  
**CANCER (June 21-July 22)** -- Some things can progress without your constant attention today, and once you realize that,

you'll have more time to tend to a personal situation.  
**LEO (July 23-Aug. 22)** -- A friend agrees to meet you halfway today, which you can consider something of a victory since even that took a great deal of persuasion.  
**VIRGO (Aug. 23-Sept. 22)** -- You should be able to get ahead today merely by doing what comes naturally, but perhaps you'll have to stretch yourself some on one occasion.  
**LIBRA (Sept. 23-Oct. 22)** -- The possible and the probable are two very different things, as the day's events will clearly demonstrate. Where will you place your bets?  
**SCORPIO (Oct. 23-Nov. 21)** -- You may have to wait longer than expected today while someone performs a simple task that must be completed before it's your turn.  
**SAGITTARIUS (Nov. 22-Dec. 21)** -- You'll have to reach deep into your bag of tricks today in order to come up with something that others do not expect. Timing plays a role.

**CAPRICORN (Dec. 22-Jan. 19)** -- There's nothing you cannot achieve today if you apply both imagination and elbow grease to the problems that present themselves.  
**AQUARIUS (Jan. 20-Feb. 18)** -- Health and wellness take priority today -- just in time. If you were to ignore the signs any longer, you may endanger yourself unintentionally.  
**PISCES (Feb. 19-March 20)** -- You can learn a valuable lesson today about how to treat others when they are under stress. You'll surely not make the same mistake twice!  
**ARIES (March 21-April 19)** -- You're eager for a new creative outlet, but before you find it, you may have to listen today to all manner of unrealistic propositions.  
**TAURUS (April 20-May 20)** -- One way or the other, you'll find a way out of your current predicament. When a friend comes to call, you'll want to share as much as you can.
