#### 8 p.m. on LIFE Movie: Doomsday Mom: The Lori Vallow Story

Idaho wife and mother Lori Vallow (Lauren Lee Smith, "Frankie Drake Mysteries") attracts national attention after her two children go missing from their home in fall of 2019. The discovery that Lori and her husband, Chad Daybell (Marc Blucas, "The Fix"), are members of a "doomsday prepper" group sends investigators down a twisting road that spans five states and several dubious deaths. The following June, the backyard of Chad's home yields the grisly answer to the double disappearance. Patrick Duffy and Linda Purl also star in this 2021 docudrama.

## 8 p.m. on SYFY Departure

As the second of this three-night event opens, Madelyn Strong (Rebecca Liddiard), the sole survivor of Flight 716, struggles to make sense of the jumbled events she can recall from right before the crash. A former colleague of pilot Richard Donovan (Allan Hawco) comes forward, claiming the night before the crash, an intoxicated Donovan admitted he was planning to commit suicide. A search of the dead pilot's home turns up a key to a storage locker that contains a clue. Another episode immediately follows.

## 8 p.m. on HBO Movie: The Little Things

Writer-director John Lee Hancock's 2021 neo-noir crime thriller boasts strong performances from three Academy Awardwinning actors. Denzel Washington and Rami Malek star as a pair of police detectives who are investigating a string of murders in 1990 Los Angeles. The trail of clues eventually takes them to a strange loner (Jared Leto) they suspect may be the killer. Leto's performance here earned him best supporting actor nominations at the Golden Globe and Screen Actors Guild Awards. Chris Bauer, Terry Kinney and Natalie Morales also star.
