HOROSCOPES by Stella Wilder
SATURDAY, JUNE 26, 2021
YOUR BIRTHDAY by Stella Wilder
Born today, you combine style and substance in ways that are both surprising and highly effective, and you deal with other people in a manner that is both honest and also quite nurturing and encouraging. You are able to both "be" and "do" in a way that you make entirely unique to you, and you always wish that you could simply make a living being you -- for you consider your life to be a kind of "work in progress" for which it would be very nice indeed to receive healthy compensation!
SUNDAY, JUNE 27
CANCER (June 21-July 22) -- A difficult issue needn't be too much for you today, particularly if you know ahead of time what will be asked of you -- and you likely do!
LEO (July 23-Aug. 22) -- Praise comes your way today, but not for the reason you might expect. When all is said and done, you'll be basking in a lot of positive attention.
VIRGO (Aug. 23-Sept. 22) -- Information comes to you today in very small parcels, but you're quite adept at assembling such things together into an integrated whole.
LIBRA (Sept. 23-Oct. 22) -- How you get from here to there is a mystery right now, but you'd better get it solved, because you'll likely be on the move by day's end.
SCORPIO (Oct. 23-Nov. 21) -- You must deliver information accurately today -- and on time. Few people will excuse any delays right now, and you know why.
SAGITTARIUS (Nov. 22-Dec. 21) -- The more direct you are, the more information you'll have at your fingertips when the time comes. Don't beat around the bush today.
CAPRICORN (Dec. 22-Jan. 19) -- You'll understand what everybody has been talking about by day's end when all the pieces of a very tricky puzzle have fallen into place.
AQUARIUS (Jan. 20-Feb. 18) -- It may take more thought than usual to compose just the right message for this unusual circumstance, but you can -- and must -- get it done!
PISCES (Feb. 19-March 20) -- You'll be traveling more than you thought -- but today? Perhaps not, but that doesn't mean a long journey won't be on your mind.
ARIES (March 21-April 19) -- You have more going for you today than you have in the recent past, and you have a few jobs to complete -- so the timing is just about perfect.
TAURUS (April 20-May 20) -- You may not have the time to explain your motives, but what you do today will surely have the desired effect -- though some may not understand.
GEMINI (May 21-June 20) -- You're waiting for a message to come through -- and it will today, loud and clear. Now you have a decision to make: right, left or center?
