**YOUR BIRTHDAY** by Stella Wilder

Born today, you are never really satisfied by doing things the way others do them -- or, for that matter, the way you have done them in the past. You always want to be exploring new strategies, tactics, methods and frontiers -- and the farther afield that exploration takes you, the better. You are the embodiment of "wanderlust," and you may very well travel the better part of the civilized -- and uncivilized -- world to see all that you can.

WEDNESDAY, JUNE 30

**CANCER (June 21-July 22)** -- You may discover that you're more interested in what someone else is doing today than in anything that is keeping you busy. Pay attention!

**LEO (July 23-Aug. 22)** -- You can exert control over what happens today, but your timing has to be right. You can't simply expect everyone to bend to your will!

**VIRGO (Aug. 23-Sept. 22)** -- You may be

expecting some bad news to come your way today, but the exact opposite is likely to happen. This surprise lasts a while.

**LIBRA (Sept. 23-Oct. 22)** -- You can make someone's day today simply by following your instincts and doing what comes naturally. Careful, you may have to do it again!

**SCORPIO (Oct. 23-Nov. 21)** -- You're likely to be far luckier today than you were yesterday -- or than you may be tomorrow. You'll surely want to make the best of it!

**SAGITTARIUS (Nov. 22-Dec. 21)** -- You must up your game considerably today in order to meet the challenge laid down by someone who is considered a champ. This can be fun!

**CAPRICORN (Dec. 22-Jan. 19)** -- You are feeling pressure from others to do something that your instincts tell you is not for you. Whom do you listen to -- them or you?

**AQUARIUS (Jan. 20-Feb. 18)** -- A calm, considered approach is most likely to win you

the results you are after today. You'll have time to make a detailed plan.

**PISCES (Feb. 19-March 20)** -- Once everyone starts expressing opinions, you're going to have to enter the fray -- but you can back yours up with some important facts.

**ARIES (March 21-April 19)** -- You may be tempted to do something that will take others by surprise, but consider carefully -- is your reputation likely to take a hit?

**TAURUS (April 20-May 20)** -- All it takes is one misinterpreted message for you to go careening down the wrong road today. Listen carefully to what comes your way.

**GEMINI (May 21-June 20)** -- You have a little more leeway than usual today, so you have more decisions to make when it comes to your public behavior. Have some fun.

WEDNESDAY, JUNE 30, 2021

**YOUR BIRTHDAY** by Stella Wilder

Born today, you don't quite fit the mold of the Cancer native, in that you are far more outgoing and sociable than most -- but that may actually be by your own design, and not something that the stars have decreed. Indeed, it is almost as if you decided at a young age that you would not be what you were born to be, for at every turn you seem to behave in ways that belie your birth sign.

THURSDAY, JULY 1

**CANCER (June 21-July 22)** -- Someone is likely to bend your ear today about troubles you are not able to fix -- but by listening patiently, you'll be doing all you can do.

**LEO (July 23-Aug. 22)** -- Your schedule may not mesh with that of another, but this doesn't have to be a point of contention. You can suggest a workable compromise.

**VIRGO (Aug. 23-Sept. 22)** -- Time spent thinking about the issues you are soon to face

will be time well spent today -- but take care you don't ignore current troubles.

**LIBRA (Sept. 23-Oct. 22)** -- A change in plans may not be avoidable today, but once you've made necessary concessions, you'll be able to move ahead with confidence.

**SCORPIO (Oct. 23-Nov. 21)** -- You shouldn't have to call all the shots today -- but someone may look to you for guidance when he or she effectively runs out of ideas.

**SAGITTARIUS (Nov. 22-Dec. 21)** -- You may not understand what someone is up in arms about until you begin to be affected by a similar situation. This must be addressed.

**CAPRICORN (Dec. 22-Jan. 19)** -- You mustn't worry about where a good idea comes from, but you must be prepared to put it to good use when it comes your way! Be ready.

**AQUARIUS (Jan. 20-Feb. 18)** -- Your participation in a certain endeavor will change it for everyone, and make it possible

for you to walk away with greater rewards than expected.

**PISCES (Feb. 19-March 20)** -- You're not about to make any careless mistakes today, but you may be at fault when someone identifies a long-standing error within the system.

**ARIES (March 21-April 19)** -- You're likely to receive an invitation that has you wondering if your own plans are really up to snuff. Behind a certain door is a surprise.

**TAURUS (April 20-May 20)** -- You needn't play hard to get today when someone tries to win you over to his or her side; consider all options, and make the best decision.

**GEMINI (May 21-June 20)** -- You may not understand all of what is said to you today, but you'll eventually realize that not everything needs to be understood in full.
