YOUR BIRTHDAY by Stella Wilder  
Born today, you know what is right and what is wrong, and you're not one of those who can blur the line between the two or compromise when it comes to distinguishing one from the other. Right and wrong are absolutes to you, inviolate and permanent, and just the kinds of things to motivate you to be your best at all times when making your way through life's complex journey.

MONDAY, JULY 19  
CANCER (June 21-July 22) -- You should be able to do someone a good turn today, even though you don't have the strongest or most reciprocal relationship. Be fair!  
LEO (July 23-Aug. 22) -- What you seek is something along the lines of a recommendation from someone in the know. All you have to do is ask for it directly!  
VIRGO (Aug. 23-Sept. 22) -- Your ability to see around corners will serve you well today as you try to anticipate what you will be doing in the near future -- and beyond.

LIBRA (Sept. 23-Oct. 22) -- The farther from home you travel today, the more eager you will be to get back there when you can. Still, there's work to do in the meantime.  
SCORPIO (Oct. 23-Nov. 21) -- You may have to work harder than usual today to arrange a "secret" meeting with someone you promises to give you the leg up you need.  
SAGITTARIUS (Nov. 22-Dec. 21) -- Conversation today may lead you down something of a rabbit hole, and you don't want to be caught in a situation you cannot control.  
CAPRICORN (Dec. 22-Jan. 19) -- Take care today that what you say is simple and straightforward enough that there is no chance it will be misinterpreted by anyone.  
AQUARIUS (Jan. 20-Feb. 18) -- You may think you're done with one thing and ready to move on to the next today, but someone may point out one or two remaining loose ends.  
PISCES (Feb. 19-March 20) -- You need some quiet time so that you can get something done that has been hanging over you. You must avoid distractions today!  
ARIES (March 21-April 19) -- You will have only so much time to work with today in order to complete an assignment -- but a new and creative approach can work wonders.  
TAURUS (April 20-May 20) -- Focus on that which will put you ahead of the pack. You don't want to be considered "ordinary," and today's a very good day to stand out.  
GEMINI (May 21-June 20) -- It will cost you very little today to shower someone with what they most need. You have plenty to give, and the opportunity is now. Don't delay.

MONDAY, JULY 19, 2021  
YOUR BIRTHDAY by Stella Wilder  
Born today, you may not be one of the most colorful individuals born under your sign, but that's only because all that goes on beneath the surface tends to stay there, hidden from view, save for a few choice moments in which you let go completely and allow the world to see who you really are. And who is that? One who is supremely talented, capable and creative, and who will not stand by and let the world turn without you.

TUESDAY, JULY 20  
CANCER (June 21-July 22) -- Giving someone else a little of what you've received recently will work wonders for you as you try to promote a rather complicated plan.  
LEO (July 23-Aug. 22) -- Former associations are more important today than they have been in recent days or weeks; you'll want to be sure everyone follows the rules.

VIRGO (Aug. 23-Sept. 22) -- You can step up to the plate for someone who isn't quite sure what is required right now. Your performance serves both of you very well.  
LIBRA (Sept. 23-Oct. 22) -- You will want to devise a new way of doing something that should be routine but for a certain set of circumstances that are causing you trouble.  
SCORPIO (Oct. 23-Nov. 21) -- You can afford to be a little more forceful today as you further your own agenda. You'll have some persuading to do during afternoon hours.  
SAGITTARIUS (Nov. 22-Dec. 21) -- You can capitalize on someone's mistakes today -- but take care that you're not simply waiting for them; you must take action yourself.  
CAPRICORN (Dec. 22-Jan. 19) -- A little caution goes a long way today, and there will surely come a moment in which you realize that you can be a little more aggressive.  
AQUARIUS (Jan. 20-Feb. 18) -- Others may be wondering why you've altered your approach, but it's their interpretation of behavior that is different at this time.  
PISCES (Feb. 19-March 20) -- You may have to go back and correct several small errors before being confident enough to submit the project you've been working on today.  
ARIES (March 21-April 19) -- There's no reason why you must follow someone else in lockstep today; you have your own motives and methods, and you must develop them!  
TAURUS (April 20-May 20) -- Now is the time for you to speak up about a recent offense -- though it's not bothering you now as it did then. Still, you can clear the air.  
GEMINI (May 21-June 20) -- An old friend reaches out, and you may wonder what his or her real reason might be -- but the fact is that it's simply time to play catch-up.
