“Movie: The Artist”

This best-picture Oscar winner is an affectionate tribute to movie history, with director Michel Hazanavicius going so far as to make it a silent film. Jean Dujardin also earned a statuette as an actor who fears what the dawn of talking pictures may mean for his career — and who falls for a chorus girl (Berenice Bejo) whose star is rising. John Goodman also stars.

“Movie: Raiders!: The Story of the Greatest Fan Film Ever Made”

This 2015 documentary from first-time filmmakers Jeremy Coon and Tim Skousen tells the story of three childhood friends — Chris Stropoulos, Eric Zala and Jayson Lamb — who spent their teen years doing their own remake of their favorite movie, the 1981 actioner “Raiders of the Lost Ark,” a production they wound up finishing as adults.

“Movie: The Keeping Room”

From director Daniel Barber (“Harry Brown”) comes this 2014 Western about three women who must fight to defend themselves and their homes from two rogue soldiers who broke off from the advancing Union Army in the waning days of the Civil War. Brit Marling, Hailee Steinfeld, Muna Otaru and Sam Worthington head the cast.

“Movie: Mood Indigo”

From French filmmaker Michel Gondry (“Eternal Sunshine of the Spotless Mind”) comes this surreal 2013 comedy drama about a young inventor (Romain Duris, “The Spanish Apartment”) who seeks a cure for his lover (Audrey Tautou, “Coco Before Chanel”), who is afflicted with an unusual disease caused by a flower growing in her lungs. Gad Elmaleh, Omar Sy and Charlotte Le Bon also star.
