What we're into

THRIFT STORES
ACROSS THE
NATION

One thing I learned traveling across the country from Virginia to Oregon is that every little town you encounter is unique from the next. Something I'm into that expanded greatly during that trip was thrift shopping for clothes, records and other hidden gems.

I've always been interested in finding old shirts from the '90s or a vintage hat that just needs a new home. As an avid sports fan, nothing gets me more excited than discovering a baseball shirt from the past or a random college shirt at the next stop in the road. Moving to Oregon, I'm now decked out from Beavers coffee mugs to Ducks baseball caps.

Another thing I love to do during a first-time visit to a thrift store is to sift through their bins of cheap records and look for

some diamonds in the rough. I had to leave a lot of my record collection behind in Virginia to fit everything in my car, so a big mission since I've moved to Oregon is reloading the stockpile of vinyl.

My favorite part about going to thrift stores is seeing how the items reflect the town you're in. What you find can be really telling about the people who have lived in that area for a longer period of time.

New releases

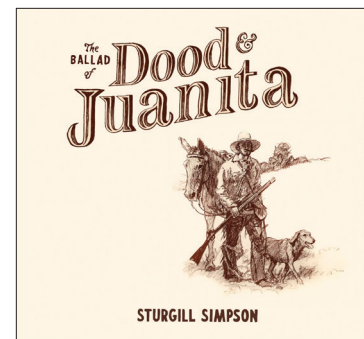

'THE BALLAD OF DOOD
& JUANITA,' STURGILL
SIMPSON

Sturgill Simpson knows how to do a concept record.

His latest, "The Ballad of Dood & Juanita," proves once again he is a prodigious musical chameleon. It couldn't be more different than his last album of original material, 2019's fuzz rock, eardrum-blasting anime soundtrack "Sound & Fury." In between he recorded a couple bluegrass records covering his own songs.

The new record has more in common with the two most recent records, both released in the past year, and even employs the same top-notch band. Willie Nelson takes a guest turn on the track "Juanita."

"Dood & Juanita" is a tribute of sorts to Simpson's grandparents, attaching their names

to fictitious characters in Civil War-era Kentucky. A dog, a mule, some horses and Shawnee Indians figure prominently as well.

Pure country, with some bluegrass, gospel and a cappel-la thrown in for good measure, it almost feels like a radio serial from the 1940s. There's even sound effects to help move the story along, including gunshots, stampeding horses and a crackling fire. All that's missing is an overly dramatic narrator.
