HOROSCOPES by Stella Wilder

FRIDAY, OCTOBER 8, 2021
YOUR BIRTHDAY by Stella Wilder
Born today, you are likely to be one of the world's great onlookers -- which means, of course, that while you may never do memorable things or be at the center of the action, you are likely to be where things are happening many, many times throughout your lifetime, and to observe history in the making again and again. To some, this may be a great disappointment, but you see it as an opportunity to reflect on the world as it is and ruminate about how to make it better for everyone.

SATURDAY, OCTOBER 9
LIBRA (Sept. 23-Oct. 22) -- You're flirting with some extra luck today as you branch out into something you're not used to. A friend keeps unfavorable behavior in check.

SCORPIO (Oct. 23-Nov. 21) -- You're eager to give something new a try, but remember that you cannot do everything at once; you're going to have to make a decision!

SAGITTARIUS (Nov. 22-Dec. 21) -- You may feel you are closer now to the real you than you've been in quite a while, and those who know you best are likely to agree.

CAPRICORN (Dec. 22-Jan. 19) -- You must avoid thinking and speaking in absolutes today when there is much that you don't know for sure. Give yourself some wiggle room.

AQUARIUS (Jan. 20-Feb. 18) -- Of all the things you do today, that to which you give the least thought is likely to prove most important to you when all is said and done.

PISCES (Feb. 19-March 20) -- You may be eager to get back to basics with a friend or loved one -- but how? It begins with knowing exactly what you had going for you.

ARIES (March 21-April 19) -- A minor success is actually much more important to you, in the heat of the moment, than you can possibly know. Watch for signs!

TAURUS (April 20-May 20) -- You're not following your current path because it's enjoy-

able, but rather because it can provide you with the answers you seek.

GEMINI (May 21-June 20) -- You may stumble into a new opportunity today, and a little experimentation allows you to be successful, even if you don't have any "expertise."

CANCER (June 21-July 22) -- What goes around comes around today, so you must say and do only the right things at the right time to avoid getting some of your own back!

LEO (July 23-Aug. 22) -- Prospects are bright, but today's efforts may not yield the results you expect -- possibly because you're overlooking a key puzzle piece.

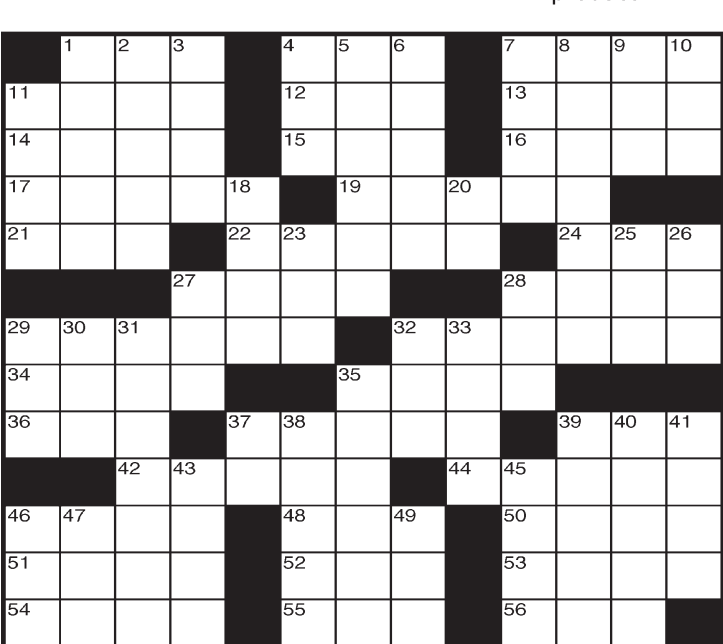

VIRGO (Aug. 23-Sept. 22) -- First and last become somewhat blurry and ill-defined today as you attempt to do too much at one time. Confusion is the greatest danger.
