Taste buds change over time, however, which gets to the topic of a creamy holiday soup made from golden chanterelle mushrooms.

Preparing mushroom soup requires some attention to detail. One recipe calls for a quart and a half of chicken broth, two table-spoons of melted butter, three cloves of minced garlic, and a cup of sliced shallots for

every pound of cleaned and trimmed chanterelles. Add flour to thicken, a splash of white wine if it makes your heart sing, and let the mixture simmer for 30 minutes.

Every fall I drift red hackle flies for mountain whitefish when they school up near fall chinook salmon reddes to gobble up loose eggs.

females or "hens" burst with large roe sacs that need not go to waste.

To make golden caviar, carefully remove the bright orangish roe from the fish body cavity and cut into 2-inch or so chunks.

The eggs are glossy, jewel-like orange, almost too

pretty to eat. Serve with a selection of gourmet crackers and crème fraiche. I like to think of this appetizer as a blessing from Mother Whitefish.

While it's possible these culinary treats won't displace sweet potato-and-marshmallow delight on what we kids used to call "the grown-up table," odds are good their presence on the hors d'oeuvre tray will cajole taste buds.

Trimmings from the backbone of a fresh salmon carcass can be cooked up to make a delicious salmon spread.

HOROSCOPES by Stella Wilder

YOUR BIRTHDAY by Stella Wilder

Born today, you are one of those unsuspected individuals who, at just the right moment, again and again, emerges from the shadows and takes your place in the sun -- grabbing all the accolades and rewards that are available to you at any given time.

SUNDAY, DECEMBER 5 SAGITTARIUS (Nov. 22-Dec. 21) -- You'll be impressed with how others rise to the occasion today and turn in top-notch performances.

CAPRICORN (Dec. 22-Jan. 19) -- You may find yourself in a position of authority over those you consider to be your equals.

This can work out well for all concerned.

AQUARIUS (Jan. 20-Feb. 18) -- Now is no time to play favorites; you must be wholly objective in your assessment of what goes on both in the home and at the workplace.

PISCES (Feb. 19-March 20) -- You may be asked for a special favor today by someone who has been looking to you for guidance recently. It's time to engage directly.

ARIES (March 21-April 19) -- You can put a harsh lesson recently learned to very good use today -- provided you keep your emotions out of the equation. Do you want to excel?

TAURUS (April 20-May 20) -- You have the tools you need to do what has to be done, but you may not yet know how to wield them as efficiently as may be necessary at this time.

GEMINI (May 21-June 20) -- Even though you are nominally in charge today, you'll have occasion to learn a thing or two -- and you'll be grateful for the lesson, too!

CANCER (June 21-July 22) -- Everyone with whom you come in contact today is

going to have a unique set of problems to address, and you can prove quite helpful to all.

LEO (July 23-Aug. 22) -- It's not enough for you today to learn only one way of doing something; you must be willing to put in some overtime to learn two or three!

VIRGO (Aug. 23-Sept. 22) -- Someone may be challenging you at this time without even knowing it, but you may only make things more difficult by speaking about it today.

LIBRA (Sept. 23-Oct. 22) -- It's best to keep certain things under wraps today, at least until you've hit your stride and render yourself immune to criticism.

SCORPIO (Oct. 23-Nov. 21) -- After what may have been weeks of planning, you should be able to get things in motion once and for all. A partner proves indispensable.
