YOUR BIRTHDAY by Stella Wilder

Born today, you are going to have to guard against reacting to the world around you in a negative way, for this tends to be your "default" and can bring you face to face with all manner of difficulty if you're not careful! It's essential that you engage your considerable brainpower to assess any and all things that happen to you so you can determine how best to respond -- if to respond at all is, indeed, best!

MONDAY, JANUARY 10

CAPRICORN (Dec. 22-Jan. 19) -- Putting another's concerns before your own today is one way to understand them better. You'll realize you have much in common.

AQUARIUS (Jan. 20-Feb. 18) -- You may find that the position you can in today allows you to see things from all different angles, which gives you a real advantage.

PISCES (Feb. 19-March 20) -- The chal-

lenge that arises for you today is one that is both familiar and new. The secret lies in approaching it directly and indirectly, too.

ARIES (March 21-April 19) -- Now is no time to give orders, but rather to suggest ways of doing things that could prove effective under pressure. Be encouraging!

TAURUS (April 20-May 20) -- Others may choose to let you continue on your current journey alone for a while -- but this suits you just fine. Many discoveries await.

GEMINI (May 21-June 20) -- You can further your agenda today without turning your back on anyone. Someone who needs your help raises the stakes.

CANCER (June 21-July 22) -- It's imperative that you protect your immediate resources at this time. Do nothing that will eat into what should be your emergency stores.

LEO (July 23-Aug. 22) -- A combination of skill and timing puts you right where you want to be, at least for a little bit today. If

you're lucky, you can stay there awhile.

VIRGO (Aug. 23-Sept. 22) -- Your methods may have to evolve very quickly today if you're going to avoid running afoul of those who want everything to be ultra-modern.

LIBRA (Sept. 23-Oct. 22) -- Something old and something new can be combined today to allow you to free yourself from the expectations of another and follow your vision.

SCORPIO (Oct. 23-Nov. 21) -- You are eager to see what a new experience can teach you. Something you've long looked forward to can happen now and leave you breathless.

SAGITTARIUS (Nov. 22-Dec. 21) -- You can go farther today than anyone had expected and reach your destination in record time, perhaps. Others want to know how you do it.

MONDAY, JANUARY 10, 2022

YOUR BIRTHDAY by Stella Wilder

Born today, you are one of the most observant and imaginative individuals born under your sign, which means that when you combine these two traits into a single action, you are able to conceive, from what goes on around you and the images in your mind, a world as you would have it rather than as it is. Does this mean you can have it as you see it in your mind's eye? Of course -- but not if you're unwilling to do the work required.

TUESDAY, JANUARY 11

CAPRICORN (Dec. 22-Jan. 19) -- You'll surely want to follow your instincts today as you forge into unknown waters to reach a certain destination ahead of schedule.

AQUARIUS (Jan. 20-Feb. 18) -- You must maintain an easy, fluid, limber stance today, as there will be much to react to and you will want to be as mobile as possible.

PISCES (Feb. 19-March 20) -- An oppor-

tunity beckons, and though you recognize it for what it is, you may not feel ready for it. This is not your determination to make!

ARIES (March 21-April 19) -- Listen to the voices in your head that are warning you against proceeding in the direction you've chosen. You mustn't be foolhardy today!

TAURUS (April 20-May 20) -- You may not be able to do precisely what you want to do today, but you can surely use one or more of your talents to impress the powers that be.

GEMINI (May 21-June 20) -- You are relying on others to give you the lay of the land, but why not get out front and take a look for yourself? You'll encounter few dangers.

CANCER (June 21-July 22) -- You can position yourself in such a way today that you have much more of an advantage than you had yesterday. Others notice a change in tactics.

LEO (July 23-Aug. 22) -- You can look to a few reliable people to be there for you when

you need assistance, but that shouldn't happen until late in the day -- if at all.

VIRGO (Aug. 23-Sept. 22) -- You mustn't hide from the fact that you need others to help you get from here to there and back again today. You can't do it alone!

LIBRA (Sept. 23-Oct. 22) -- The sooner you acknowledge that what you are doing is dependent on someone else, the sooner you'll hit your stride and reach peak efficiency.

SCORPIO (Oct. 23-Nov. 21) -- You may not understand someone's questions fully today, and it's foolish not to get clarification before you hazard any guesses.

SAGITTARIUS (Nov. 22-Dec. 21) -- You can turn a liability into a strength today if you're willing to endure a little extra hardship as you tend to a routine duty.
