YOUR BIRTHDAY by Stella Wilder
Born today, you are never more content than when you are working over some puzzle or other and applying your considerable brainpower, your almost unbeatable stamina, and your unmatched curiosity and originality to the genesis of a very real solution that can provide long-term relief for anyone plagued by the problem you are addressing. Though you are always thinking about what might be possible in the future, you are in no way negligent regarding the past.

FRIDAY, MAY 6
TAURUS (April 20-May 20) -- You can make some very timely course corrections today and maximize your own efficiency in the process. A bad habit should be broken.

GEMINI (May 21-June 20) -- You are eager to take part in something that has attracted your attention over a long period of time. Have you made all necessary preparations?

CANCER (June 21-July 22) -- You can surely make an impact today, but is it going to be as you imagine? There are likely a few surprises in store for you and others.

LEO (July 23-Aug. 22) -- You're going to have to earn what comes to you today; nothing is likely to be handed to you free of charge. You'll be in an advantageous position.

VIRGO (Aug. 23-Sept. 22) -- That bad feeling you've had for a while is likely to disappear today -- just in time for you to experience something that you've tried to avoid.

LIBRA (Sept. 23-Oct. 22) -- You mustn't let anyone take advantage of you today, and you're going to have to have a somewhat more immovable presence in order to do so.

SCORPIO (Oct. 23-Nov. 21) -- You've been keeping some things under wraps lately, but it may be beneficial to let others in on these little secrets today. Share carefully.

SAGITTARIUS (Nov. 22-Dec. 21) -- You're going to have to come to terms with an inconvenient truth that is made plain to you today by someone you consider a close rival.

CAPRICORN (Dec. 22-Jan. 19) -- You may be criticized today by someone whose depth of knowledge is in no way equal to your own. This is something you can shrug off.

AQUARIUS (Jan. 20-Feb. 18) -- A close friend takes some surprising action today that makes things difficult for you -- but only temporarily. Talk about this when there's time.

PISCES (Feb. 19-March 20) -- You cannot let a sudden change in circumstances blur your vision or cloud your judgment today. You must remain on high alert!

ARIES (March 21-April 19) -- You may be able to jockey for position and improve your overall chances today -- without having to break or bend any rules at all.
