### “The Future Diary”

From Japan comes the first two seasons of this rather unique reality series in which a man and a woman are given a mysterious diary that foretells of them falling in love — despite the fact that the pair are complete strangers and know nothing about each other. (ORIGINAL)

### “Our Father”

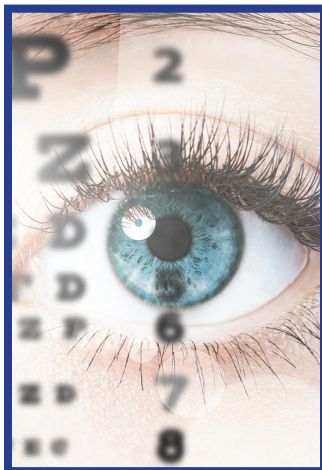

This documentary from director Lucie Jourdan (“Taken at Birth,” “MSNBC Undercover”) follows the story of Jacoba Ballard, an only child conceived via donor sperm, who comes to the shocking discovery that not only that she has seven half-siblings but also that their parents’ fertility doctor was inseminating his patients with his own sperm. (ORIGINAL)

### “Somebody Feed Phil”

“Everybody Loves Raymond” creator Phil Rosenthal has always said that the greatest gift one can give oneself is travel and he proves that once again in the new season, as he hits the road to such varied locales as Madrid, Mexico, Helsinki and Portland (Ore. and Maine) to take in the cuisine and culture. (ORIGINAL)

### “Stranger Things”

In the aftermath of the Battle of Starcourt that brought devastation to Hawkins, the friends find themselves separated for the first time. But that pales in comparison to a new and horrifying supernatural threat that presents a gruesome mystery that, if solved, might finally put an end to the horrors of the Upside Down. Winona Ryder, David Harbour and Finn Wolfhard are cast returnees. (ORIGINAL)
