SUNDAY, JUNE 19, 2022  
YOUR BIRTHDAY by Stella Wilder  
Born today, you are likely to enjoy great longevity, especially in your work which, if you choose to dedicate yourself to fully and develop your talents, should bring you the kind of contentment of which most others can only dream. That dedication, however, must be complete and unwavering; even the briefest excursion into something else can set you back so much that recovery is surely difficult, if not impossible. You must maintain a straight and narrow course to your desired goal if you are to reach it.  
MONDAY, JUNE 20  
GEMINI (May 21-June 20) -- A rival is likely to raise an issue today that you simply can't ignore -- but what begins as conflict turns into cooperation very quickly.  
CANCER (June 21-July 22) -- You will want to make your desires known to all who will listen today, for someone in the crowd will be able to satisfy them -- more than once!

LEO (July 23-Aug. 22) -- You know more than a competitor, but that won't give you the advantage unless you put that knowledge to the best possible use -- today.  
VIRGO (Aug. 23-Sept. 22) -- You may not be able to speak for yourself today, so you must trust a friend or ally to speak for you -- and the opportunity is now.  
LIBRA (Sept. 23-Oct. 22) -- You and a loved one may find yourselves at odds for a while today if you are eager to do the one thing your partner does not. Think again.  
SCORPIO (Oct. 23-Nov. 21) -- The list of jobs you have to oversee today grows longer by the moment. You don't have to do them all yourself; be sure to delegate!  
SAGITTARIUS (Nov. 22-Dec. 21) -- Money matters take up a good deal of time and brainpower today -- but you're likely to come up with a new way to avoid an old hazard.  
CAPRICORN (Dec. 22-Jan. 19) -- You have quite a story to tell to those who will

listen, and you needn't augment it at all. This truth is more fascinating than fiction!  
AQUARIUS (Jan. 20-Feb. 18) -- It's important that you keep those around you informed about any change in plans -- even those made in the spur of the moment. Communicate!  
PISCES (Feb. 19-March 20) -- You are eager to get further ahead in your work than you currently are, but before the day is out, you may encounter an obstacle.  
ARIES (March 21-April 19) -- Take the time to visualize what you want to happen now that you've got things lined up just so. You can make it all come out as you see it.  
TAURUS (April 20-May 20) -- An issue and a friend may not see eye to eye on an issue of much importance -- but you have time to discuss and negotiate a compromise, perhaps.

MONDAY, JUNE 20, 2022  
YOUR BIRTHDAY by Stella Wilder  
Born today, you are not always willing to bend to the will of those around you, not because you intend to be contrary, but because you always want to know you will benefit from any decisions you make or actions you take -- and sometimes benefit comes from setting yourself apart from the crowd. You are deeply idealistic, yet those ideals are not always in line with those that are most common or popular. They are the products of your unique personality, upbringing and unusual way of looking at the world around you -- and nothing is likely to change them.  
TUESDAY, JUNE 21  
CANCER (June 21-July 22) -- You may find yourself behind the curve today, at least at the start, but some quick thinking on your part can even things out again.  
LEO (July 23-Aug. 22) -- You may be called upon today to step in for someone who is unable to fulfill a certain responsibility. Get it done, regardless of the reason.  
VIRGO (Aug. 23-Sept. 22) -- You're able to do precisely what is asked of you today, but you feel that certain improvements are in order. Do you want to take that risk?  
LIBRA (Sept. 23-Oct. 22) -- Someone close to you may be critical of your methods today, but there is no other way to do what needs to be done -- or so goes your thinking.  
SCORPIO (Oct. 23-Nov. 21) -- Putting another's needs before your own may enable you to see things more clearly today. As your perspective improves, so does your work.  
SAGITTARIUS (Nov. 22-Dec. 21) -- A message comes to you today that is nearly obsolete, but if you work fast, you can do what you are asked and secure what someone needs.  
CAPRICORN (Dec. 22-Jan. 19) -- You may be a few minutes late to a meeting today, but when you join, you'll be able to make the most of the time available to you.

AQUARIUS (Jan. 20-Feb. 18) -- A gift comes to you from an unexpected source through unusual channels today. You'll have to be very clever in order to respond in kind.  
PISCES (Feb. 19-March 20) -- Put yourself first today and everyone will nod, expecting precisely that. Put someone else first, and many will be pleasantly surprised.  
ARIES (March 21-April 19) -- You're thinking of things others are unable to imagine, but does that put you ahead of the pack? A realistic approach is most productive.  
TAURUS (April 20-May 20) -- You're likely to fare very well today when others start to keep score in some way. You'll likely be at the top of many people's tallies.  
GEMINI (May 21-June 20) -- No matter how objective you try to be today, you won't be able to avoid letting your own preferences shape your thinking to some extent. So be it.
