Evan Rachel Wood

9 p.m. on HBO Westworld

As is traditional with "Westworld," a thick cloak of mystery surrounds Season 4 of this adult sci-fi series, which opens with several familiar faces in the cast. Whether those faces are playing the same characters, however, is very much in question. Leading lady Evan Rachel Wood, for instance, saw her iteration of the android host Dolores killed in Season 3, but the actress returns playing a new character, a writer. Other returnees include Thandiwe Newton, James Marsden, Ed Harris, Jeffrey Wright, Aaron Paul and Tessa Thompson.

Don't text and drive... you won't have to come see us!
