“Movie: The Ledge”

From Great Britain and director Howard J. Ford (“The Dead”) comes this 2022 thriller about a climber (Brittany Ashworth, “Hostile”) who captures her best friend’s murder on camera, then is forced to ascend a treacherous cliff with the killers in close pursuit. Ben Lamb, Louis Boyer and Nathan Welsh also star.

“Movie: Queens of Pain”

Cassie Hay (“The Liberators”) and Amy Winston are co-directors of this 2020 documentary that follows three women at different stages of life — Suzy Hotrod, Evilicious, and Captain Smack Sparrow — as they struggle to balance their lives in New York City with the dedication and stamina needed to maintain their place on the world’s best roller derby team.

“Movie: I Melt With You”

The past becomes the present for several pals from college — played by Thomas Jane (“Hung”), Rob Lowe, Jeremy Piven and Christian McKay — in this 2011 drama. During their annual get-together, they dredge up an agreement they made in their younger days, and their effort to fulfill it takes surprising and unfortunate turns. Co-stars include Carla Gugino, Arielle Kebbel, Melora Hardin and Sasha Grey.

“Maggie”

Rebecca Rittenhouse plays the title character of this 13-episode comedy about a young woman whose psychic gift enables her to see into the future of friends, family, clients and even random people on the street. But when she has an encounter with an unexpected stranger, she gets flashes of her own destiny — and how any relationship might play out. David Del Rio also stars. (ORIGINAL)
