HOROSCOPES by Stella Wilder TUESDAY, JULY 5, 2022 YOUR BIRTHDAY by Stella Wilder Born today, you have one central philosophy that lies at the heart of all that you do: The bigger the better! You are never happy taking something only so far when there is a possibility of taking it even further, and you have no fear whatsoever of taking it "too far" -- for you don't believe that such a place exists. WEDNESDAY, JULY 6 CANCER (June 21-July 22) -- Your habit of exploring things from the safety of your home can get you only so far today. You'll have to step out of your comfort zone. LEO (July 23-Aug. 22) -- As effective as your old methods have been in the past, the time has come for you to update your approach. New situations send you a new way. VIRGO (Aug. 23-Sept. 22) -- You may be overly concerned that your reputation is on the line, but this is not entirely the case. Someone has been feeding you malarkey. LIBRA (Sept. 23-Oct. 22) -- Despite what you've been saying to others, you're not ready or willing to make certain changes. The status quo serves you well for now. SCORPIO (Oct. 23-Nov. 21) -- An uncalculated reaction to something you've been observing for some time may send the wrong message today. Do what you can to clear the air. SAGITTARIUS (Nov. 22-Dec. 21) -- A rival presses you today, and you may find yourself caught in a tricky situation from which there is no obvious escape -- yet. CAPRICORN (Dec. 22-Jan. 19) -- The things that come your way today will all tip the scale toward the positive -- but you may be still have to deal with a hidden evil. AQUARIUS (Jan. 20-Feb. 18) -- You have the choice of being stationary today or on the move, and while each has its own benefits, you're eager to strike out on your own. PISCES (Feb. 19-March 20) -- The obvious isn't so obvious once you look more closely at it. You'll discover today much that you had overlooked the first time. ARIES (March 21-April 19) -- Expecting the worst from someone is only likely to invite the worst, so you are better off approaching the situation with a positive outlook. TAURUS (April 20-May 20) -- Someone close to you hasn't yet received the message you've been trying to send. The time has come to be more direct; avoid any sort of code. GEMINI (May 21-June 20) -- You may be more interested in those things that lie outside your usual field of study today -- and they're sure to pull you in a new direction.
