tonight s best

Emma Hunton

8 p.m. on TDC BattleBots

Imagine you spend all your free time working to create the perfect destructive robot. It slices. It dices. It spins and hammers. Now imagine that you realize perfect doesn't exist. Your shiny Battlebot is about to get its paint scratched. In the new episode "Champions: The Slugfest Part 3," eight hopefuls slug it out to the death for the right to take on Team Revolution's Rotator. The winner of that match will compete for the exclusive Golden Bolt.

9 p.m. on A&E 60 Days In

Fifty participants have now gone undercover in four jails to gather intel and improve conditions. And in the process, this trailblazing program has delivered some of the most unexpected, eye-opening, controversial and terrifying moments in television history. In this two-hour special Season 7 premiere, host Dan Abrams takes a look back at the past six seasons, counting down the top 20 most unforgettable moments, from jaw-dropping fights to full-blown tears and all the craziness in between.

10 p.m. on FREE Good Trouble

Davia (Emma Hunton) visits home and is forced to face her hometown demons. Gael (Tommy Martinez) and Isabella (Priscilla Quintana) cope with the fallout of their violent encounter. Mariana (Cierra Ramirez) and the FCGs have to decide between prioritizing morals or profits for the success of their business in the new episode "Mama Told Me." Sherry Cola, Zuri Adele, Josh Pence, Maia Mitchell and Beau Mirchoff also star.

10:02 p.m. on A&E Inmate to Roommate

This new groundbreaking documentary series follows recently released inmates as they re-enter society and move in with everyday people who are welcoming them into their homes. This practice has been the subject of re-entry programs aimed at stopping recidivism. The opportunities and challenges are complex as they each face scrutiny from friends and family questioning their motives. Will this new situation allow the formerly incarcerated to successfully re-enter society or will it be the worst decision both parties have eve made?
