9 p.m. on CW In the Dark

If it weren't for poor decisions, we'd make no decisions at all. Josh's (Theodore Bhat) persistence to bring Murphy (Perry Mattfeld) down motivates everyone to finally pull a plan together. Meanwhile, Murphy asks Felix (Morgan Krantz) for a big favor, and Darnell (Keston John) learns some intriguing information about the team behind Bolt — but what will he do with it? — in the new episode "The Deep End."

9 p.m. on FOOD Bobby and Sophie on the Coast

California is a major tourist destination with no shortage of attractions to draw visitors, but Food Network superstar Bobby Flay and his daughter, Sophie, have culinary wonders on their mind as they take an incredible food tour along the California coastline. Father and daughter are looking for interesting restaurants that are lucky enough to have an inspired chef in the kitchen, the kind who knows how to get creative from the best and freshest foods available in that area.

10:01 p.m. on ABC Claim to Fame

It's starting to get a little hot in here. With only six contestants remaining, the competition is stiff, and loyalties are tested. This week's challenge is centered on a mock estate sale, where the contestants must spot the difference when certain items, many of which are clues, are swapped around. Some new rule changes throw the group, and the eliminated contestant goes out with a bang in the new episode "Spot the Difference."
