## Peyton Manning

#### 6 a.m. on SYFY Quantum Leap

As a tie-in to the new version of the classic series that premieres in a couple of weeks on NBC, Syfy has brought back the original starring Scott Bakula and Dean Stockwell. This week airs the original series premiere episode "Genesis: September 13, 1956" that finds Sam Beckett (Bakula) leaping before the Accelerator is ready. With his memory scrambled he finds himself in the body of an Air Force test pilot and must fly the experimental X-2 jet to Mach 3.

#### 8 p.m. on NBC College Bowl

The classic collegiate quiz show competition is back for its Season 2 premiere, along with host Peyton Manning and "sideline" reporter Cooper Manning. Instead of taking rivalries to the field, students from various elite colleges compete in a series of question rounds, with the eventual winning team earning \$1 million in tuition assistance. It's a battle of the brains that leaves many of us asking if we deserve refunds on our student loans.

### 9 p.m. on CW Dynasty

Tension remains between Blake (Grant Show) and Cristal (Daniella Alonso) as they disagree on business matters, so he calls in a favor to solve the problem. Then, Alexis (Elaine Hendrix) prepares for Fallon (Elizabeth Gillies) and Liam's (Adam Huber) baby shower and goes completely over the top. Sam (Rafael de la Fuente) finds out some compromising information about the hotel and confides in Culhane (Robert C. Riley) and the two come up with a plan to make the problem go away in the new episode "More Power to Her."

### 10:30 p.m. on WE Super Sized Salon

The Babydolls all stand together in support of owner Jamie Lopez when she finally stands up to her boyfriend DeMarco, who's been up to no good for too long. Then, as things are looking up, shocking news disrupts the team, leading to a decision that may change the future of Babydoll forever in the Season 1 finale "Pain Into Power."
