The new two-twine baler with productivity that's one-of-a-kind.

Introducing the 1840 small square baler from Hesston®. Thanks to features like its redesigned pick-up, stuffer and exclusive OptiForm™ extended bale chamber, you can count on more capacity, more bale consistency and more uniform density than ever. There's even storage for ten twine spools instead of six. See us soon or go to Hesston.com.

The industry's leading baler leads the way again.

INTRODUCING THE 2200 Series from Hesston. Built on the advances of our best-in-class 2100 Series, these new models deliver even more capacity, consistency and bale density, thanks to breakthrough engineering and new features like our Opti-form™ bale chamber that adds efficiency across all crop conditions. The new 2200 Series. See us soon or go to Hesston.com

MASSEY FERGUSON

The 4600 Series provides exactly what livestock farmers have been asking for: an affordable utility tractor that's powerful, versatile and comfortable. Using electronic engine management, our 3-cylinder engine is both powerful and fuel efficient, without the need for regenerating particulate filters.

The 1700 Series is bigger and better in a small package. We have put more into this new compact tractor because your operation demands more from it. Our new 1700 Series offers performance options typical of bigger tractors, yet retains the simplicity of compacts - comfort, ease of use and fuel efficiency.
