HAS YOUR CORN FARM LOST MONEY?

Despite China's refusal to approve Syngenta's GMO seed, Syngenta continued to sell its seed to U.S. corn farmers. When China banned U.S. corn imports, the price of corn fell dramatically, and corn farmers across the country lost BILLIONS of dollars.

We represent individual farmers.

Our team represented over 2000 individual farmers in the Rice GMO claim. We opposed the class action and secured more for the farmers we represented. Our group of lawyers will continue meeting with farmers with respect to each farmer's individual Syngenta claim.
