

## We help you build a better crop.

TagTeam® LCO is a *MultiAction*® inoculant with three powerful technologies that help maximize your pulse crop's performance. A specially selected *rhizobia* increases nitrogen fixation, while *Penicillium bilaii* improves phosphate availability. And LCO technology enhances nutrient capability for root and shoot growth. When you want to build a strong base for better results, ask your seed dealer or ag retailer for TagTeam LCO.
