**CLEAN CUTTING. MAXIMUM DURABLILITY.**

The Durabine™ disc heads for New Holland H8000 Series windrowers deliver cleaner cutting and increased productivity – making the Durabine the SMARTEST choice for your hay-making business. With its roots in Discbine® disc mower-conditioners, the Durabine heads offer added durability and higher-capacity cutting for the long hours and demanding conditions of commercial operations. The heavy-duty crop flow auger is the key to smooth, efficient crop flow. It keeps the cutterbar clean and distributes crop evenly into swaths or windrows for fast crop dry down.

- Clean cutting: large, low-profile discs of the MowMax™ II true modular cutterbar
- Durability: modules bolted directly to the robust main frame
- Peace of mind: 3-years MowMax II protection coverage
