CHANGE BLADES IN SECONDS
WITH THE NEW HOLLAND QUICKMAX™ BLADE CHANGE SYSTEM.

TO SEE THIS IN ACTION, VISIT www.youtube.com/watch?v=n1qLqjtb3lQ

Locally and Family Owned Since 1948

Maximize productivity and reduce downtime. The new QuickMax™ Blade Change System allows you to quickly change dull or damaged blades in just seconds compared to traditional bolted blades.

- Hassle-free – Patented eccentric blade nut and spring steel retainer secure the blade without clamping
- Less debris buildup – Scrapers prevent the buildup of debris on the underside of the disc, ensuring easy blade changes
- Saves time – Two-groove rock guard with 45° disc orientation allows half of the blades to be changed without rotating the cutterbar

Available for: **Case IH** **John Deere** **New Holland** **Skid Steer** **Tractors** **Front End Loaders** **Backhoes** **Excavators** **Generators** **Skid Steer Loaders** **Tractors** **Front End Loaders** **Backhoes** **Excavators** **Generators** **Skid Steer Loaders**
