**You advertise....
it SELLS!!!**

"After running an ad in two California publications and getting no response, I placed an ad with Capital Press for eight weeks.

The first week I received 3 calls and sold over half of the eleven items I listed. Before the listing ended, I had sold all but a few odds and ends.

The big surprise was that all the calls but one were from my local area here in California!"

*Phillip Wilson

Are you tired of:
• Uncovering and recovering stacks to load trucks?
• Bales lost due to leaking covers?

Superior Building Manufacturing Inc.
can help ease your mind by:
• Providing a quick payback of 5 to 7 years compared to tarping
• Reducing the loss of bottom and top bales due to water damage
• Reduction of labor by not having to uncover and recover stacks
• Knowing your bales will be in the same condition you originally stored them

Superior Building Manufacturing Inc.
offers Engineered buildings in many different sizes. Engineered sizes available are:
• 41', 51', 63', 72', 80' wide buildings by length of your choice.
• Full professional construction or easy to construct yourself
• All buildings are designed and engineered to meet your local wind and snow loading in your area

ASSISTANT VITICULTURIST:
Job Description:
Large progressive vineyard located in the Yakima Valley of Washington State is seeking an assistant viticulturist to help manage the vineyard viticulture team. Working under the direction of the Viticulture Manager, the candidate will assist with multiple aspects of wine grape growing. The ideal candidate will lead a team of up to eight interns and must possess strong leadership. Attention to detail with superb organizational and computer skills are required. A proven ability to multi-task and interface with other agricultural departments will require flexibility and the ability to adapt to change. Duties specific to implementing a custom viticulture program include: Assist with all aspects of Ag. Chemical recommendations, inventories, purchases and applications.
• Monitor and publish reports on various activities such as canopy management, weed control, disease and pest control, and regulatory compliance.
• Oversee vineyard data collection and viticulture database.
• Scout vineyards on a regular basis and provide training to staff.
• Manage crop estimation
• Attends technical meetings.
• Attends weekly meetings with various department heads.
• Assists with budgetary development and tracking of expenses in viticulture administration
Skills:
• Ability to identify common vineyards pests and diseases specific to Washington State.
• Must be well organized and possess attention to detail.
• Must have excellent written and verbal communication skills.
• Ability to work a flexible schedule with additional hours during peak seasons, including weekends.
Experience:
• Minimum of two (2) years of vineyard experience.
• Bilingual English/Spanish desired.
• BS in Viticulture or similar field preferred. Send Cover Letter and Resume to: yakimavalleyfarm@outlook.com
Attention: Viticulture Manager
