

A complete schedule of the many seminars, classes and events at WVAE

In addition to the CORE training sessions, meetings and classes on several other topics will take place during the Expo:

Tuesday, Nov. 17

- 10 a.m.-3 p.m. CORE Training. No registration is required and 2 to 4 credit-hours are available.

- 10 a.m.-noon. Paul Jepson, Oregon State University, will present The Principles of Integrated Pest Management and The Role of Pesticides.

- 1-2 p.m. Linda White, Oregon Department of Agriculture, will present ODA Updates. This class will make pesticide users aware of changes and updates to Oregon's laws, rules and regulations relating to pesticides and pesticide use.

- 2-3 p.m. Michael Odenthal, ODA, will present Lessons Learned 2015. It will be a discussion of enforcement cases related to agriculture and forestry. Special emphasis will be on drift cases and coexistence.

- Oregon Farm Bureau Luncheon. By invitation only. Call 503-399-1701.

- 1:45 p.m. First Aid, Cardiopulmonary Resuscitation and Automated External Defibrillators class, which is

presented by the Linn County Farm Bureau. Space is limited to 20 persons. Text (541) 967-7173 or email marygrimes97321@gmail.com for reservations. Registration is \$45, which includes a lecture by Jon Mang, EMT, an American Heart Association-trained instructor.

- 2 p.m. Precision Fuel Management. Overcoming the Challenges with Today's

Diesel Fuel. Presented by Hydrotex. A free Hydrotex cap and Dine Around Oregon ticket will go to the first 20 participants.

Wednesday, Nov. 18

- Pennington Seed Growers Breakfast. By invitation only.

- Forklift Certification Training. Provided free by

Overton Safety Training. It includes written and driving requirements. Class size is limited. Advance registration is required online at www.wvaexpo.com.

- 5 to 9 p.m. Dine Around Oregon. A dinner featuring Oregon-grown and -raised fare. A total of 500 tickets are available while quantities last at www.wvaexpo.com.

Thursday, Nov. 19

- 10 a.m.-3 p.m. CORE Training. No registration is required and 2 to 4 credit-hours are available.

- 10 a.m.-noon. Paul Jepson, Oregon State University, will present The Principles of Integrated Pest Management and The Role of Pesticides.

- 1-2 p.m. Linda White, Oregon Department of Agriculture, will present ODA Updates. This class

will make pesticide users aware of changes and updates to Oregon's laws, rules and regulations relating to pesticides and pesticide use.

- 2-3 p.m. Michael Odenthal, ODA, will present Lessons Learned 2015. It will be a discussion of enforcement cases related to agriculture and forestry. Special emphasis will be on drift cases and coexistence.
