FOLLOW THE FOOD

This year the Eastern WA Ag Expo is excited to host our first annual, Follow the Food, Sampling Event. Come to our show and sample from the local Tastes of Washington. We have invited groups and companies to sample their products throughout the two day show.

Over the course of the two day show, various companies and organizations will provide samples to all of the attendees. The sampling booth will move throughout the show and each of our attendees will have a chance to "Follow the Food". We hope you will come and join us for the event. We will have samples from Washington Potato Commission and Fresh Picks (Kennewick, WA) to name a few.

If you are a company or organization interested in participating as a sampler this year there is still room available and it is at no cost to you. Please contact Madi Clark at mclark@agmgt.com for details.
