

Thursday, Jan. 28 (cont.)

8 a.m. – Noon

FREE Pesticide Recertification Course, Room D201 – Presented by Garnet Cooke and Lori Cohen of OR-OSHA (No cost for this seminar but please RSVP to agshow@wvi.com).

8 a.m.: Change to the WPS and the Timeline – Changes are coming to the Worker Protection Standard after more than 20 years. Learn what the end results were after the dust settled so you can be prepared. New resources will be needed so bring your wish list of things you'll need to be successful to protect yourself and your employees.

9 a.m.: Pesticides and Their Health Effects – Knowing about pesticide hazards can help you understand why wearing specific personal protective equipment and following precautions, as noted on the label, are so important. General information and updates provided.

10 a.m.: Case Studies and Pesticide Events in the News – Pesticides frequently made the news over the past few years and that fueled 13 pesticide-related bills being introduced in the Oregon State Legislature. We will examine a variety of high profile pesticide cases and events meant to help you avoid making the news.

11 a.m.: Cannabis and Pesticides – Thinking about growing the latest crop in the news? Cannabis has its own pests and that means pesticides might be needed. Find out what you need to know to protect yourself and your employees.

9 a.m.

Show opens to the public

10 a.m. – Noon

NW Ag Show exclusive screening of “Ground Operations: Battlefields to Farmfields”, Rooms D202-204 – Movie screening and Veteran-to-Farmer seminar by Director Dulanie Ellis and others (No cost for this seminar but please RSVP to agshow@wvi.com).

3 p.m.
