

August 2017

Dear Farm Bureau Members:

To thank you for your membership in Farm Bureau, OFB partnered with the Capital Press, the state's premier source for Western agriculture and natural resources news, to give you this complimentary copy of the newspaper. Check it out and if you like what you see, take advantage of the special subscription offer just for Farm Bureau members.

See Farm Bureau's full page in this issue for a review of the 2017 Oregon Legislative Session. With OFB staff working closely with grassroots leaders, farmers and ranchers emerged victorious this session, with many harmful bills dying in committee and a few laws passed that benefit Oregon agriculture.

You'll also get an update on Farm Bureau's progress on national issues, including the Antiquities Act, the 2018 Farm Bill, the "Waters of the U.S." rule.
