Certified Organic Alfalfa **NEW!**

BigSur Certified Organic Alfalfa
 \$5.69 lb / \$284.50 bag

FINALLY!
 A Certified Organic Alfalfa that lives up to our standards!

TUG OF WAR - our main alfalfa that we have been selling direct to farmers for 15 years. From first year sales of 36,000 lbs. to millions of lbs. sold. The story this tells is farmers started cautiously because of the cheap price, but orders took off when farmers realized it was a very good alfalfa. And you know us farmers, when we like something we let our buddy down at the cafe, and our friends and family in on our secret. **Great yielder. Deep rooted. Long lived!**

TUG OF WAR X-TREME - After being introduced 10 years ago, it remains a cutting edge alfalfa. Super high yielding with a very good root system that makes us know it will last and yield, yield, yield! **High yielding. Long lasting. Super roots!**

All Alfalfa - Non G.M.O.

All Grass - Non G.M.O.

FALL GRASS SEEDS

- SHORTAGE** Later Orchardgrass - \$3.09 / lb
Listed first because it is the highest yielding grass I know of. "We sell more of this than every other grass put together." Developed to put in old alfalfa stands because it is very late maturing but has turned out to be a prolific yielder when planted by itself. Actually will out-yield alfalfa. If you're irrigated and want huge production, look no further.
- SHORTAGE** Coated Later Orchardgrass - \$2.19 / lb
- SHORTAGE** Elephant Orchardgrass - \$3.59 / lb
Grows big like an elephant, but fast (super fast), not like an elephant.
- SHORTAGE** Coated Elephant Orchardgrass - \$2.69 / lb
- Tall Fescue** - \$1.69 / lb *(Some charge 2x this price!)*
Very high producer designed to put in that "tough ground." Very good in alkali and semi-drought areas.
- Johnston Festolium** - \$2.14 / lb **MAJOR PRICE DROP**
"Ooooh, I like this one." The answer for any tough ground. It's a fescue rye grass cross. Tough like fescue and big producer. Super palatable like rye grass. I sold to many customers in Montana, the Dakotas and Wyoming who love it.
- Medium Red Clover** - \$1.99 / lb
This is the only clover we carry because it lasts and lasts.
- Reed Canary Grass CTD** - \$2.75 / lb
Excellent Producer!
- Smooth Brome** - \$3.30 / lb **PRICE DROP**
Great drought resistant grass!
- Birdsfoot Trefoil** - \$3.05 / lb
Excellent for pastures and makes great hay!
- Top Hat Timothy** - \$1.04 / lb **MAJOR PRICE DROP**
One of our favorites! Great producer, long-lasting. Plant this year, it will still be producing up to 29 years from now! Superior for hay or grazing, super palatable!
- Ray's Perennial Ryegrass** - \$1.64 / lb **PRICE DROP**
Sometimes new is better. This is not Granddad's ryegrass. Remarkable yields, superior feed quality. Fast to germinate and establish. #1 in recent field trials! Super palatable and digestible.
- Pasture Mix Special #7** - \$2.29 / lb
A good all around mixture for those who like mixture so you have "season long" lush pasture. University Mix.
 35% Orchard - 30% Fescue - 25% Rye Grass - 10% Annual Rye Grass Seed

YES! We have fall cover crop seed IN STOCK!
Barley, Oats, Austrian Winter Peas, Fridge Triticale

All Grass - Non G.M.O.
