TOP 6 MYTHS

- "You can't get breast cancer if it doesn't run in your family."**
False: More than 85% of women have no history of the disease.
- "You will definitely get breast cancer if it runs in your family."**
False: Many times, cancer runs in the family because of similar lifestyle habits - habits you can control and change to lower your risk.
- "You don't need mammograms after menopause."**
False: 2 out of 3 invasive breast cancers are found in women age 55 or older. Your risk of developing breast cancer increases as you get older, so getting regular screenings is important.
- "Men can't get breast cancer."**
False: More than 2,000 men are diagnosed with breast cancer every year. Men should not ignore breast lumps and should have all breast changes checked.
- "Surgery and needle biopsies can cause breast cancer to spread."**
False: Needle biopsies to diagnose breast cancer do not cause cancer cells to spread, nor does exposure to air during breast cancer surgery. Sometimes a surgeon will find more cancer than the imaging scans or x-rays showed, but in those cases the cancer was already there.
- "There is nothing you can do to lower your risk."**
False: While you can't change certain risk factors- like being female and having a family history of breast cancer- you can do a lot to help reduce your risk. In a word: lifestyle. Exercise more and eat healthier, especially if you are overweight. Limit or eliminate alcohol and quit smoking. Being responsible when it comes to your health goes a long way in breast cancer prevention.

How to write effective classified line ads that sell!

- KEY WORD AND BENEFIT:**
Tell the reader immediately what you are selling. Then state a benefit to the reader. Example: "German Shepherd Puppy, 8 weeks, silver and black male, AKC. House trained, good disposition, ideal companion for your child, \$75. (000) 000-0000."
- BODY COPY:**
Let the potential buyer know the facts. Include make, model, year, size, color, condition, or any special features of your item.
- PRICE FAIRLY:**
For best results, it has been proven that a price should be included. If you're willing to make a deal, be sure to add "or best offer." People aren't necessarily looking for low prices, but for GOOD VALUE.
- PHONE NUMBER:**
A most essential item! If you can be reached only at certain times, let your potential buyers know when they can best reach you. Add "evenings; after 5:00 pm; before noon," etc.
- EFFECTIVE & ECONOMICAL RESULTS**
Not every potential buyer on that particular week will be in the market for your specific item. Initially, PLACE YOUR AD FOR FOUR WEEKS. You'll get the benefit of a BETTER RATE PER ISSUE in a consecutive, multiple-insertion schedule, and you may maximize your potential readership. Many more people will have the opportunity to see your ad AT LEAST ONCE. When you get the desired results before the ad expires, you may cancel your ad by our weekly deadline and pay only for the number of times it ran.
