Marion Soil and Water Conservation District (SWCD) is currently seeking an experienced individual to work full-time as an Agricultural Conservation Planner. The position and office are in Salem, Oregon. This is a full-time, at will, exempt position. The Agricultural Conservation Planner position will work as part of the district's technical team and will perform a variety of conservation work in both field and office environments. This position's primary focus will be to assist, promote and help educate the agricultural community in the areas of conservation and the importance of implementing best management practices (BMPs) that protect and enhance our soil and water resources. He/ she will primarily assist landowners/operators in assessing natural resource conditions and in planning and implementing conservation programs or practices to help resolve identified resource management problems. He/ she is responsible to promote and administer financial assistance programs, monitor landowner contacts and contracts, develop and review conservation plans, develop support documentation i.e. maps in GIS/ ArcView and provide conservation related technical information. For qualifications and required skills, please see entire job announcement at www.marionswcd.net
