

— INTRODUCING EVEREST® 3.0 —

WAVE AFTER WAVE OF GRASSY WEED DOMINATION

The new generation of hard-to-kill grassy weeds are no match for new EVEREST® 3.0. A patent pending formulation makes it more ruthless on yellow foxtail, foxtail barley, rattail fescue, bromes and other nasty weeds that can invade your wheat and rob your yields. You'll still get best-in-class crop safety and broad-spectrum, **Flush after flush**® control of wild oats and green foxtail, but in a new formulation that's more effective and easier-to-use. And for a limited time, you'll also get \$1 off per qualifying acre when you order EVEREST 3.0. Talk to your retailer or visit everest3-0.com to learn more.
