Notice of Availability of Draft Watershed Plan-Environmental Assessment Tumalo Irrigation District Modernization Project

The United States Department of Agriculture Natural Resources Conservation Service (USDA-NRCS), with assistance from Farmers Conservation Alliance and in cooperation with Tumalo Irrigation District and the Deschutes Basin Board of Control as the project sponsor, announces the availability of a Draft Watershed Plan-Environmental Assessment (EA) to improve aging irrigation infrastructure in Tumalo Irrigation District. These improvements may be partially funded through the Watershed Protection and Flood Prevention Act of 1954 (PL 83-566) and will address water conservation, enhancement of aquatic species habitat, and public safety while supporting existing agricultural land use.

The proposed project is located in the north-central portion of Deschutes County. The National Environmental Policy Act (NEPA) and the Council on Environmental Quality's regulations at 40 CFR Parts 1500-1508 require an evaluation of potential environmental impacts associated with federal projects and actions with input from the public. NRCS has reviewed the potential impacts of the project and released a Draft Plan-EA.

You are invited to attend a public meeting where your input is requested. The range of resource issues and alternatives addressing system improvements to Tumalo Irrigation District will be presented and discussed.

Public Meeting on Draft Watershed Plan-EA
Date: May 8, 2018
Time: 6 - 7:30 p.m.
Location: Cascades Academy
19860 Tumalo Reservoir Road
Bend, OR 97703

The meeting location is accessible to persons with disabilities. A request for an interpreter for the hearing impaired or for other accommodations for persons with disabilities should be made at least 48 hours before the meeting to Margi Hoffmann (541) 716-6085 or margi.hoffmann@fcsolutions.org.

Comments on the Draft Watershed Plan-EA may be submitted during a public comment period starting **April 16, 2018** and ending on **May 22, 2018**. View the complete Draft Watershed Plan-EA and other project information online at **www.oregonwatershedplans.org**. Printed copies of the Draft Watershed Plan-EA are also available at the Deschutes Public Library, the Tumalo Irrigation District office, and the USDA Redmond Service Center.

Comments may be emailed to wsp@tumalo.org or mailed directly to:
 Margi Hoffmann
 Community Relations Director
 Farmers Conservation Alliance
