Maybe A Repair And Not A Full Rebuild  
Maybe you don't need a full rebuild. Maybe a repair is the best choice at this time. A lot depends on this, so by talking to and engaging the customer, we can help determine the best plan for the transmission or differential. We enjoy talking to our customers - finding out what we can about how and where the truck is used helps us advise you on what might be the best course of action - and you still make the final decision. With Ratco, it's not about how much we can charge....it's about knowing who our boss really is - you. We never forget that.
