

FROM ORCHARD TO SHELF

Nurturing your crop and profits since 1967

With the highest standards, learn how we take our growers to the next level:

-  The only hazelnut processor in North America that is SQF Level 3 certified.
-  Collectively our growers own more than 20,000 acres of prime hazelnut orchards.
-  Utilizes steam pasteurization (leaving no chemical residue).
-  120,000 ft² processing plant also has 57,000 square feet of refrigerated storage space.
-  Produced by cooperative-owned hazelnut farmers from farm through finished goods processing.
-  Processes natural and roasted hazelnuts into diced, sliced, meal and paste products on location.
