Receipts: 1316 HD total, 600 cattle, 611

sheep, 105 goats
Comment: Extreme dry conditions and

lack of hay are sending cattle to town sooner than normal. We sell all types of cattle. I even say, "As long as it has 4 legs and a moo." You can make your feeder cattle more attractive to the buyers by using a proper vaccination program. The lamb market was stronger this week. Top lambs brought \$247.50 The goat market was weaker. The best goats brought 240.00-285.00 by the head. Steers (Average-Top): 300-400 lbs 127.21-137.50; 400-500 lbs 135.67-142.00;

Receipts: 778 HD
Comments: ** Comments: Monday's regular cattle and small animal special featured over 450 head of cattle and 300 head of small animals. Slaughter cattle were sharply lower, as packers have begun to move past the upcoming Labor Day demand and a large number of cows continue to go to slaughter. Slaughter cows topped out at 65 cents per pound, with an average price between 50 and 55 cents per pound. Slaughter bulls topped out at 86 cents per pound, while averaging 77 cents. Calves were steady to stronger on a lighter run. 600-700 weight steers brought \$1.46, with an average of \$1.30, while same weight heifers brought \$1.41, with an average of \$1.28.80 to 100 pound lambs brought up to \$1.86 per pound, and averaged \$1.60. Goats. although sold by the head, brought up to \$2.20 per pound, though most averaged \$1.75 per pound. Next week we will be off for the Labor Day holiday, and we will be back

St. Joseph, Mo. Aug. 30

Demand was moderate to good for all weights of steers and heifers as the calendar gets ready to move to September. Extreme heat across the Midwest and Plains this week again and in many places, humidity

ed 5.00 to 7.00 higher.

busy month as the tail end of the calf-feds from the previous year are coming out of Spring-born bawling calves are in the mix of the feeder supply from the North Plains

to the Southeast and currently, willing buyers are there to fill orders.In the up-coming weeks, farmers in the Midwest will not want to take the time to straighten up some bawling calves as large temperature swings will no doubt be on the horizon. Hot days and cool nights will bring on illness and farmers are not too crazy about leaving a half-million dollar combine setting still while treating sick calves.

higher on the week. The only Live Cattle

Dairy Report

Compiled by USDA Market News Service • Madison, Wis. Fluid Milk and Cream — Western U.S. Sept. 2 Farm level milk production is declining in Cal-

rarmiever mix production is declining in contacts report some limited spot load availability. Bottling sales are higher. Demand is steady for Class II and Class III milk.

Milk is tighter in Arizona. Output is down month to month. Class I demand is elevated, and handlers have been pulling hard at available milk supplies to keep the school pipeline full and to support grocery store gallon promotions. Milk production in New Mexico has dropped. Class I and II orders are down slightly. Balancing

process additional milk, if necessary, Contacts process additional milk, if necessary. Contacts say holdover numbers are manageable. Pacific Northwest milk output is decreasing. Driver shortages are, reportedly, causing some delayed deliveries. School milk orders are driving higher Class I demand. Class II and III sales are

steady.

Milk output in the mountain states of Idaho,
Utah, and Colorado remains similar to last wee
Mechanical issues in Idaho, however, enabled

Spot milk would not have been available, oth

erwise, as capacity would have been available

plants are running well and have the capacity to

Class II and Class III orders are flat. Condensed

Cream availability continues to decline, but contacts relay receiving volumes that are adequately meeting current manufacturing needs. Ice cream season is winding down, allowing cream supplies to flow into other cream-based manufacturing. Additionally, plant managers say cream supplies would be tighter, but staffing shortages are keeping some production lines from running at capacity. Cream multiples are unchanged from last week. PACIFIC NORTHWEST MARKET ORDER: Milk

skim contracts are steady.

delivered to the Pacific Northwest Order 124 totaled 745.4 million pounds in July 2021. Class I utilization was 128.8 million pounds and accounted for 17.28 percent of producer milk. The uniform price at test was \$18.24, down \$0.46 from June 2021, and \$0.53 below the same month a year ago.

ARIZONA MARKET ORDER: Milk delivered to the Arizona Order 131 totaled 397.1 million

pounds in July 2021. Class I utilization was 112.1 million pounds and accounted for about 28.2 percent of producer milk. The uniform price at

test was \$17.70, down \$0.51 from June 2021, but

to handle milk intakes. Bottling sales are strong. \$1.39 above the same month a year ago. **Cattle Market Reports**
