SELLERS BEWARE

- Know who you are dealing with - independently confirm your buyer's name, street address, and telephone number.
- Never accept a check for more than your selling price.
- Never agree to wire back funds to a buyer or a third party - a legitimate buyer will not pressure you to do so, and you have limited recourse if there is a problem with a wire transfer.
- Resist pressure to "act now." If the buyer's offer is good now, it should be good when the check clears.
- If you accept payment by check, ask for a check drawn on a local bank or a bank with a local branch. You can visit that bank branch to determine if the check is legitimate.
- Consider an alternative method of payment, such as an escrow service or online payment service. If the buyer wants to use a service you have not heard of, be sure to check it out to be sure it is reliable. If you do not feel comfortable with the service, do not use it.
