BUYERS BEWARE

- If the deal sounds too good to be true, it probably is.
- Know who you are dealing with – independently confirm your buyer's name, street address, and telephone number.
- Don't send payment for an expensive item you haven't inspected.
- Consider how you pay. Credit cards have significant fraud protection built in, but some payment methods don't. Wiring money through services such as Western Union or MoneyGram is risky because it's nearly impossible to get your money back. That's also true for reloadable cards and gift cards. Honest companies won't require you to use these payment methods.
- Never use a bank-to-bank transfer in a transaction.
