### **Sheep/Wool Market Reports**

Compiled by USDA Market News Service • Greeley, Colo.

-San Angelo, Texas

National Wool Review

Jan. 28 Domestic wool trading on a clean basis had no confirmed trades reported this week. National Sheep Summary Jan. 28

Compared to last week: Slaughter lambs sold mostly steady to 25.00 lower. Slaughter ewes were mostly steady to 15.00 higher. No comparison on feeder lambs. At San Angelo, TX, 4,888 head sold. No sales in Equity Cooperative Auction. Western Video Auction sold 1740 feeder lambs in California and 500 feeder lambs in Oregon. In direct trading slaughter ewes and feeder lambs were not tested: 4.557 lamb carcasses traded with no trend due to confidentiality. All sheep sold per hundredweight (CWT) unless specified.

**Dairy Report** Compiled by USDA Market News Service • Madison, Wis.

Fluid Milk and Cream — Western U.S. In California milk production is steady to higher this week. Contacts report that trans-portation delays and staffing shortages are causing some unexpected down time within

processing facilities in the state. Demand for Class I and Class II is steady. Milk production in Arizona is unchanged Supplies of milk continue to be available for processors in the state to run busy schedules. Plant managers say that the shortage of truck drivers in the region is causing delays to the deliveries of loads. Class I demand is trending

Farm level milk production is unchanged in New Mexico. Staffing shortages and a shortage of truck drivers have been cited as causing delays to load deliveries. Steady demand is present for Class I. Demand for Class II is

Contacts in the Pacific Northwest say that

weather earlier in January had, reportedly,

trending lower this week.

caused production to drop below some producers' forecasted levels. Plant managers in the area continue to cite labor shortages as contributing to reduced production schedules. Steady demand is present across all Classes.

Milk production in the mountain states of

Idaho, Utah and Colorado is steady to higher. Producers in the area say that supplies of

milk are available, but that some production schedules have been reduced due to delayed deliveries of milk. Demand is unchanged In the West, contracts for condensed skim are steady. Cream inventories are available to meet regional production needs. Demand for cream is steady; some report continued interest from purchasers in the Midwest. A

shortage of truck drivers, in the region, is

top slid lower.

**Cattle Market Reports** Compiled by USDA Market News Service • Oklahoma City-Des

Moines-St. Joseph, Mo.-Moses Lake, Wash. NATIONAL FEEDER AND STOCKER CATTLE (Federal-State Market News) St. Joseph, Mo.

**RECEIPTS** This Week Last Week Last Year 99,000 270,600 292,400 Compared to last week, steers and heifers 299,000 sold steady to 4.00 lower. Good demand this week for all weights of steers and heifers, best demand remains on light weight and thin fleshed cattle to grow into yearlings as the supply of this class of cattle is much more lim

ited than the feeding types seen in auctions. Cattle feeders have taken their foot off the gas when it comes to pursuing the feeder cattle market as the fat cattle trade continues to be under the 140.00 level. Rancher inputs have continued to move higher throughout last year and into this year with corn and soybean prices leading the charge. The March corn contract is effectively more than 75 cents higher than Feb. 1, 2020, while the March soybeans are \$1.25 higher

than the same week a year ago. The increase in

soybean prices have moved the protein costs

much higher than a year ago and ranchers

will be taking a long hard look at any added expense moving forward. One such expense will be how much fertilizer to use this coming year. Grass hay typically needs some N,P and K to get copious tonnage DAP cost in Iowa was recently reported at an average price of 873.00 per ton. Last year in late January, the average published price was 400.00. Currently, cattle prices for 650-700 lb steers are \$135.00 per head higher than a year ago.

Problem is — it takes more than just one calf at \$135.00 per head more to make up difference in fertilizer price when considering other escalated input prices. The supply of cattle was moderate to heavy as several more cattle made it town as the weather was a bit better for hauling in certain

This week coming up could be a challenge as a Groundhog Day snow/ice storm expected in the Midwest and expected to be a 2,000-mile-long swath of the U.S. extending from central TX through the Ohio Valley. Some auctions in its path may experience rain/ice/

snow with some snowfall forecasts of up to 12 inches expected. Time will tell if that material

izes, however, Southeast Kansas and Southern Missouri and Northern Arkansas typically aren't used to that much extreme weather Negotiated live trading of fed cattle in the Southern Plains sold steady to 1.00 lower from the previous week at 136.00 to 137.00. while dressed sales in Nebraska sold steady at 218.00. Choice boxed beef closed the week 1.99 lower than last week at 290.42, while Select was 1.08 higher at 283.41 for the same

inspection estimated at 643K for the week, 7K more than last week, and 13K less than a year ago. Auction volume this week included 56 percent weighing over 600 lbs and 41 percent
