Every good thing has its imitators, every genuine article its counterfeits. The Ammonia and Alum Baking Powders sold over the counters are no more like Dr. Price's Cream Baking Powder, than the paste is like the real diamond, or a counterfeit is like one of the old master's genuine paintings.

When greedy and merciless manufacturers claim their adulterated and harmful baking powders are as good as Dr. Price's, they know they are not telling the truth. These people know they are destroying the stomachs and the complexion of the consumers, and there are many grocers recommending such powders over their counters-knowing same to be injurious and worthless-simply to make a large profit.

Dr. Price, a concientious physician, has epent a lifetime in perfecting and popularizing his Cream Baking Powder, the only Pure Cream Tartar Powder now to be obtained.

Multitudes of imitators all over the land have sprung up, not to imitate the purity of Price's Cream Baking Powder, but to see how cheap they could make their counterfeits and hoodwink the public.

ery in chorus, "Buy this, its just as good as Dr. Price's and Price's Cream Baking Powder is the standard for purity

The Future Manufacturing Suburb of Portland.—Already a Pay Roll of \$40,000,00 per Mouth.

It is a well known fact that a manufactory, employing labor, no matter where situated, is the mucleus of the city. The greater the number of employees, the greater the prospective sity. The Krupp cyn. works of Garage. ployees, the greater the prospective city. The Krupp gun works of Ger-many, support a city of 65,000; the Pullman Palace Car Co., of Pullman, many, support a city of 65,000: the Pullman Palance Car Co., of Pullman, Ill., a city of 12,000. Oswego, Oregon is in its infancy. Today the Oregon Iron & Steel Works, and other industries, make a pay roll of \$24,000 a month. With an increases in the manufactoring output, the city increases population. Population increases values of real estate; therefore Oswego offers today, to the careful investor, the very best field for investment. Oswego is only two miles out side the limits of Consolidated Portland It has cheap train service \$1 cents a trip, and eight trains a day; also six steamboats each way on the Willamette. Oswego is a beautiful site for a town. Oswego has a plendid 2,400 water power, which is offered to manufacturers for a term of years free, and land with it. Oswego has pure spring water in pipes over the town. Oswego has a beautiful lake where the pleasure-lovers of Portland will soon establish a summer resort. Prometry spring water in pipes over the war. Oswego has a beautiful lake where the pleasure-lovers of Portland will soon establish a summer resort. Property values in Oswego will advance rapidly and permanently as its future is founded on the development of the favorable location for manufacturing. Lots in Oswego invite the home-seeker. Lots sold on easy installments of \$10 down and \$5 a month. Ask the publisher of this paper to show you a plat of Oswego, or address a postal card to BORTHWICK, BATTY & CO., 71 Alder Street, Portland, Oregon.
