The Road to Wealth

Cannot be successfully traveled without good health. To reach wealth or any coveted position in life requires the full possession and operation of all the faculties kind nature has endowed us with. These conditions cannot exist unless the physical being is in perfect working order, and this is impossible when the liver and spleen are torpid, thus obstructing the circulation, causing indigestion and dyspepsia, with all of its accompanying horrors.

DR. HENLEY'S

English Dandelion Tonic

exerts a specific influence over the liver, causes it to healthy action, restores its elastic vigor, and promotes the secretion; cures indigestion and constipation, sharpens the appetite, tones up the entire system, and makes life worth living.

Some people think cards of thanks have to be issued for almost everything, which is not the case, and in fact the practice is going and should go out of fashion. He was very much liked for his good qualities, both as a man and as a merchant. His heart is not of the kind that oppress the poor. He probably never cheated a man since his birth. The soul of honor, the friend of the poor man, the genial, large-hearted, large-brained "Georgie" will certainly be missed in this community.—Klamath County Star.
