Are You Thinking

Of what you ought to take with you when you go to the World's Fair? Your outfit will not be complete without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The change of water and diet, fatigue and irregular habits, during your trip are almost certain to produce diarrhoea and a dose or two of this remedy may save you serious sickness and perhaps much expense. Procure it before leaving home. 25 and 50 cent bottles for sale by G. H. HASKINS, druggist.

Spikenard Sparks.

Weather hot.

Hay short, grass long.

Range stock are doing nicely.

Crops about all in. The area of small grain sown is not up to the average.

Mr. Kelley, of Grants Pass, was among us recently, looking out for heavy steers for work stock. Our folks have them. Some have had them for years.

Spikenard is a postal note postoffice of issue. If any other mountain neighborhood of equal size in the county can make such a showing we shall be glad to know it. We hope to touch the presidential mark before 1894.

People up here are doing much in the way of permanent improvement this season. New fences, new clearings, seeding to alfalfa, the opening up of new places, setting orchards, etc., are seen on all sides. Two new irrigating ditches have been made this spring.

Talent Sipage.

At the earnest solicitation of Mr. W. T. York I have consented to attempt the task of supplying the vacancy caused by the death of our late lamented fellow citizen, Mr. Welborn Beeson, as your contributor, acknowledging at the outset our inability to attain his standard, yet we will promise to do our best.

Elder A. J. Stevens and sons are our most extensive gardeners and E. K. Anderson and son are the "Boss" fruit men of this precinct.

Our corn planting is rather late but there is a larger acreage being planted than ever. The Harveys have about 200 acres planted and many others are planting in proportion to the size of their farms.

The "No Tax" men have held the new school house down to date, but the progressives do not propose to give it up so, but will take a different tack the next special meeting. The women must vote before we shall get a new school house.

The season has been more favorable to placer mining and duck farming than ordinary, and yet we have not had a season since the writer's settlement in this valley—1877—when the prospects were better for heavy yields of cereals, fruits and vegetables, than now.

All public enterprises in this locality have lost their most prominent supporter in the death of friend Beeson. Prof. Dean has not overestimated his virtues in his eulogy, but our loss is Heaven's gain. Welborn Beeson did not make any hypocritical professions, but acted the christian and philanthropist.

Since our contribution of sample Southern Oregon timber has reached foreign eyes on their way to the world's fair, we are receiving orders for large quantities of manzanita and mahogany from furniture factories, and I wouldn't be surprised if we had a lucrative trade in this direction in the near future, shipping by the carload We have 1,000 carloads of these valuable ornamental woods within 5 miles of Talent.

As a consequence of a correspondence a representative of the Bell telephone company called on the writer lately and proposed to put up and keep in repair the outfit for a telephone line connecting Talent with Ashland, and if the franchise can be secured, extend the line to Jacksonville via Phoenix, Medford and Central Point. All of us should encourage the enterprise.

Griffin Creek Gatherings.

Charlie Gutchies and wife have moved down to Medford.

Mr. Oviatte and family, of Medford were out in our part of the country Sunday.

Rev. David Brower, of Talent, preached to a full house last Sunday.

Mrs. John Griffin, of Phoenix, is visiting at the Naylor ranch this week.

No Sunday school for several Sundays past on account of sickness in the neighborhood.

Chas. Dickinson and family are staying with Mr. D's parents on Rogue river until Charlie is able to attend to business again.

Griffin Bros. have bought a mower and are going to cut their alfalfa as soon as it clears up—can anyone say when that will be.

Mr. and Mrs. Henry Griffin and Mrs. J. P. True took a trip up on Rogue river a few days since. They say we don't know how to appreciate good roads down here.

C. C. C. thought he could trade horses as often as the next one, but we sorrowfully step down and resign in favor of Mr. McPherson. He trades so often that his nearest neighbors don't know his horses when they see them.

Read it in His Paper.

People who never read the advertisements in their newspapers miss more than they presume. Jonathan Kenison, of Bolan, Worth Co., Iowa, who had been troubled with rheumatism in his back, arms and shoulders, read an item in his paper about how a prominent German citizen of Ft. Madison had been cured. He procured the same medicine, and to use his own words: "It cured me right up." He also says: "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad that he had to do the cooking. I told him of Chamberlain's Pain Balm and how it had cured me. He got a bottle and it cured them up in a week. I have great faith in Pain Balm and believe it will cure the worst cases of rheumatism. 50 cent botiles for sale by G. H. HASKINS, druggist.
