 —"It has cured others and will cure you" is true only of Ayer's Sarsaparilla. The motto suits the medicine and the medicine the motto. What better assurance could you have that a remedy will cure you, than the fact that it has cured such multitudes of others?
 —If the city council was to take some action whereby that stagnant water in the gutter on the north side of Seventh street could be permanently done away with there would be much rejoicing by the business men of that locality. A few loads of gravel would fix it plenty.
 —F. W. Washaw, the gentleman who recently arrived in Medford from Missouri, has leased rooms near the Star Parlor saloon, on Front street, and as soon as his goods arrive, which have already been shipped, he will open a jewelry store, and be one of us henceforth.

 —Those new ladies' watches recently received by Jeweler Pritchard catch the eye of all passers by. His line of ladies' and gent's jewelry throughout is something pretty fine and is being sold at prices within reach of all. He has one whole case devoted exclusively to spectacles and eye glasses and can fit, not only the eye, but the purse as well.
 —Bertie Mayhew committed suicide by cutting her throat with a razor, at Ashland last Friday night at the Depot hotel. John Clark, a locomotive engineer on the Southern Pacific Railway, says she asked him for money to pay her board bill. On his replying that he had none tonight but would let her have some in the morning, she asked for his pistol, and when refused grasped a razor and cut two gashes in her throat.

—Jacksonville will celebrate the coming Fourth of July in grand style. The citizens have subscribed \$500 for that purpose. The Ashland silver cornet band and orchestra will furnish music. Judge H. K. Hanna is president of the day. K. K. Kubli will deliver the oration and Miss Jennie Reames will read the Declaration of Independence. There will be nothing lacking in incentive to patriotism and a general good time.
 —There is rejoicing in dog heaven, but the canine population of Medford is wearing crane and shedding tears of sorrow and regret—old Rex has gone home. He was the well known bird dog belonging to W. W. Cardwell and his demise was due to the fact that old father Time decided his stay amid the trials and troubles of the wicked and perverse dog generation had been of a duration quite sufficient—hence the shuffling off—Rex has gone home.
 —Willis and Henry Griffin experienced a run away Monday. They were driving to town with a mule and cart when the muleship became frightened and started out at a pace uncommonly lively for these animals. The boys stayed with the vehicle for some distance but finally were compelled to vacate. When they reached Medford they found mule and cart hang up on a post near Weeks' furniture store. The cart and harness were somewhat broken up, but the mule, as a matter of course, came out all right.
 —Last Saturday Dr. Geary performed the surgical operation of amputating a leg for Joseph Robison, of Talent. Mr. Robison has been a sufferer from this diseased member for many years and has spent a great amount of money in doctoring, but to no avail. The bone had become badly disinfected and in fact was dead at the time of amputation. The limb was taken off between the knee and hip—at a point known to surgeons as the upper third. Dr. Geary was assisted in the operation by Drs. Pryce, Wait and Pickel. At last accounts the patient was doing nicely.
 —Those who swing themselves so far from the line of truth as to intimate that there is little, if any, money in hog culture should paste these figures in the tablet of their memory: Last Saturday Mrs. Fordyce, a widow lady living a short distance southwest of Medford, brought to town and sold to Ed. Wilkinson two hogs which balanced the scale beam at 977 pounds. She received five cents a pound for them, amounting to \$48.85. This demonstrates to a certainty that there is money to be made in raising pork and it further demonstrates that it is not alone the men folk who are becoming convinced of this fact.
 —It is our sad mission this week to chronicle the death, by childbirth, of Mrs. C. M. Harvey, near Talent, on Monday of this week. Funeral services were held at the residence, Tuesday afternoon and were attended by a large concourse of sympathizing friends. The grief stricken husband has extended to him the most sincere sympathy of friends from all parts of the valley. Mrs. Harvey was everybody's friend and none knew her but to treasure the kindest regards and all will remember her with a feeling of respect and reverence. She leaves two children, one being a baby only a few hours old.
 —Perry McGee, living over on Williams creek, was in Medford this week accompanied by his menagerie, consisting of a full grown possum and her two young ones which he recently brought from Missouri. He was showing them to R. H. Halley and that gentleman, after looking at them for a while figured that "them ar possum" was the only one thing needful to complete his earthly happiness. After a little dickering a shot gun all its accoutrements were decided to be about of equal value with the menagerie and the deal was made. Mr. H. it is said, will now begin negotiation with Mr. Palm for his log cared pet, with the musical voice, will then join issue with the boys with the Merry-go-round and hit the road.
 —And still there is another new deal on in way of a business change. This time it is Messrs. Davis & Pottenger, the genial and very popular Seventh street grocers, who have slid out of business. Their successors are Mr. John Morris, well known about Medford, and Mr. E. H. Fawcett, formerly of Osage City, Kansas. These gentlemen enter upon their new venture under the most flattering prospects as their predecessors have established quite a lucrative trade. That the former firm's reputation for good goods and honest weights and prices will be sustained under the new order of things is not questioned by those who are acquainted with the people who now manipulate the wires that operate the "masheen." Mr. Davis, one of the retiring members will rest up for a few months and by so doing endeavor to improve his health which has not been of the best for some little time. Mr. Pottenger has no course mapped out except that he has decided to go fishing for a time, which literally means that he too will rest.
 —The regular meetings of the Medford W. C. T. U. will be held second and fourth Wednesdays of each month, beginning with July.
 Will Recommend The Mail Printer.
 This week THE MAIL job office did some printing for Scott Griffin, the Toled real estate dealer, and this is what he says about it:
 "To THE MEDFORD MAIL:—You did a neat job, and quick work, to get copy and print five thousand large postal cards, box and ship them inside of thirty hours. I shall take pleasure in recommending a printer that can do it."

PRESBYTERIAN CHURCH.
 The Presbyterian church was packed full Sunday morning to witness the exercises of Children's Day. The church was tastily decorated, the pulpit arch was entwined with ivy, on the rear wall was suspended a large floral cross, while the pulpit, communion table and organ were covered with roses and flowers of many varieties arranged in pyramids, bouquets, etc. On the wall to the right of the pulpit was a large picture of Mr. J. H. Paris, draped with craps and white flowers. Mr. Paris had been superintendent of the Sunday school for nearly five years. The children rendered an exercise prepared especially for the occasion, entitled the "Sabbath Day," consisting of songs, recitations, etc. The primary classes, under the direction of Mrs. Foster, gave one exercise entitled, "Sabbath Bells," which was well rendered—seven girls represented the seven days of the week, each singing a solo, and joining in the chorus. Percy D. Groot's recitation of "Little Dick" was well done and he received many compliments. The pastor, Rev. Alex. S. Foster, during the service baptized three children, each of the little ones receiving, at the close, a delicate little bouquet of flowers. The collection taken by the children in their little paper pyramids, will amount to ten or twelve dollars.

Resolutions of Respect.
 The following resolutions of honor and respect were passed at the last session of the Presbyterian Sunday school:
WHEREAS: God in his allwise providence has called to his eternal reward our beloved brother, James H. Paris, for more than four years the superintendent of our school, his death occurring last Wednesday, June 14, 1893, at 3:30 o'clock p. m., therefore.
RESOLVED: That in this providential dealing, we, as a school, have sustained a sore affliction, having lost a most estimable brother, one who was conscientious and charitable in judging, wise and prudent in council, and in all the duties of his office, laborious and faithful.
RESOLVED: That while we feel keenly the stroke that has bereaved our school, we desire to be submissive to the will of God, blessing him for the good work our dear brother was permitted to do and accomplished for us and for the Godly life he lived among us.
RESOLVED: That as an expression of our regard for our late superintendent, a copy of these resolutions be placed among the minutes of the school and another copy signed by the secretary be sent to the family of the deceased with the further assurance to them of our deepest sympathy with them in their great bereavement.
 J. R. ERFORD, Secretary.

 To all Employees S. P. Co.
 San Francisco, June 21.—It becomes my painful duty to announce to you the sudden death of Hon.
