Remember that you can buy anything in the line of great's furnishing goods at cost at Henry Smith's.

We inadvertently omitted last week to call attention to the big boubie column advertisement of the grand celebration at Jacksonville which will be found elsewhere in this paper. Big preparations are being made and the Jacksonville people can be relied upon

to carry out the excellent program in a manner befitting the occasion.

The ladies sewing society of the M. E. church gave an ice cream and strawberry festival in the opera house Tuesday evening. A very pleasant time was had and the receipts amounted to \$25.30 which were turned over to the church fund.

For the next 20 days we will sell all grades of men's boots and shoes at cost. Henry Smith.

From our Jacksonville correspondent we get this item: Phillip Miller, a young man well known in this community, left Monday for the Keely Institute of Roseburg, to try the effects of their magical cure. His many friends hope he may return a well and happy man.

Latest styles and the only stock of celluloid collars and cuffs—at Wolters.

That's an affixed fine sample of barley that hangs in front of the Owl grocery. It is the product of someone's farm out south of Medford. Its growth is a credit to the best agricultural land on earth and THE MAIL is glad that it lives in a country which produces such cereals.

Ice cream soda at the corner drug store.

The son of Mrs. Ella Randall, who at one time was a resident of Medford, but who now resides in Shasta county, California, met with an accident on the 20th inst. which will cripple him for some little time. The young fellow fell from a tree and broke his arm very badly.

Go to Hamilton & Palm for prices on houses and lots, also unimproved lots and acre tracts—on the installment plan.

James Gaines, living just west of Medford, knocks all the pessimists off the palm trees in some lines of agricultural pursuits. If he don't knock them off it is not because the rye grows is not long enough. He brought a sample of rye to Medford this week which stretched the tape line out to a distance of seven and one-half feet.

Any one desiring to purchase mining machinery, or in fact, mill machinery of any kind will save time and money by calling upon C. F. Lewis, Medford.

Wm. Ulrich figures himself just a little slicker than the average man of Medford. He was this week presented with a new silk hat by O. H. Blunt, of Ashland also one of the stockholders in the Southern Oregon Packing company. The present was made in appreciation of Mr. Ulrich's efficient services as manager of the company's business.

Ed. Hendricks, a resident of the Applegate country, was arrested this week for killing a bovine belonging to his near neighbor, John O'Brien, and on Wednesday was brought to Jacksonville where an examination was held before Justice Dunlap. Hendricks was bound over to the marshes of the grand jury and his bonds placed at \$100. Bond secured.

Go to Morris & Fawcett and get a package of Fido's of Japan Tea. Take no other.

There are very few big heads in Medford of the human make—even spirits ferment does not enlarge this portion of the anatomy to any great degree, but our vegetable garden are well headed, and big headed. Wm. Angle brought in this week a head of lettuce which weighed one and one-fourth pounds.

Ketchup—made from tomatoes—and homemade. Goes well with the doughnuts your mother used to make—at Wolters'.

Messrs. Angle & Plymale have a scheme for giving their patrons a benefit which is being pretty generally patronized. When any of their customers shall have purchased goods to the amount of \$15 they will be entitled to a full life-sized crayon portrait of any member of their family or a friend if they so desire.

The Jacksonville farmers' Alliance have about concluded not to give their proposed big 4th of July celebration, but instead Progress suballiance will entertain the sister alliance of the county in a grand picnic at Be son's grove, Talent, with a social dance in the evening. Everybody is invited.—Valley Record.

J. W. Hockersmith expects to soon leave with a second lot of hogs for the San Francisco market. He returned last week from his first trip and reports a fairly good market. The stock shipments have heretofore been in the direction of Portland but Mr. H. has solved the problem of San Francisco shipments as against Portland and hereafter his cargoes will go south.

Robert Westrope, for many years a resident of this county, was examined before Judge Neil last Saturday and pronounced insane. The sheriff took him to the asylum this evening. Mr. Westrope had a paralytic stroke about two months ago and never entirely recovered from it. His insanity manifested itself while he was at the soda springs above Ashland, where he has gone for the benefit of his health.

Messrs. I. A. Webb, Dr. Pickett, Attorney Hammond and Wes Johnson took a spin down to Tolo Tuesday on their wheels and upon returning they were challenged for a race at Central Point by E. Worman. Johnson and Pickett accepted the challenge and to their credit Mr. Worman's team was noticeable in the back ground and indulging in a feed of dust from the bicycle wheels when they reached Medford.

Little Nora, the six-year old daughter of Mr. and Mrs. A. S. Bilen,

met with a sad accident Wednesday which resulted in her death the following day. She, in company with some other children, was playing at "burning brick" in the yard when her clothes caught fire and burned her so badly as to result as above stated. It is a sad affliction and the parents are nearly heartbroken. They have the deepest of sympathy extended them by THE MAIL and their many friends.

On Thursday evening of last week Rev. E. E. Phipps united in marriage Mr. Dennis Sherman and Mrs. E. B. Brown, at the groom's residence in Medford. Both these people are recently from Eugene, Oregon, are between fifty and sixty years of age and have both been married before. THE MAIL wishes them plenty of happiness and hopes that their companionship, even though it is not consummated until their locks are tinged with silver threads, may be of unbounded domestic felicity.

Little folks oftentimes undertake and accomplish tasks which many older ones, particularly the ladies, are timid about undertaking. Last Wednesday little Nora Conn, six years old, arrived in Medford on the overland from Seattle, having traveled the entire distance without companion or friend. She carried with her a lunch basket and satchel and encountered many mishaps. She is a niece of Mrs. Gallagher, residing a few miles south of Medford. The little lady is indeed a brave one and possessed of bright, winning ways which doubtless made her many kind friends on the trip.

E. T. Johnson, who arrived in Medford yesterday from a prospecting tour in the hills west of here, reports that excitement is running high in the vicinity of Williams creek over the disappearance of an elderly man named Antoine. Neighbors are making a thorough search of the neighborhood but fail to find any trace of his whereabouts. Foot play is suspected, based on the fact that he was known to have considerable money about him and that the doors of his buildings were found unlocked and further that spots of blood were found near one of the buildings.

Miss Bessie Hammond, daughter of Mr. and Mrs. A. S. Hammond, of Medford, was awarded the first prize for the best essay on "What I Think About Flowers," at the Oregon State Flower show at Portland last week. The prize was a gold medal, the design being the Oregon grape leaf and flower. The prize was offered to competitors under sixteen years of age, and as Miss Bessie is but twelve it would naturally be presumed that the laurels thus won were the result of assiduous and careful work in preparing the essay, the percentage in years being against her. THE MAIL is pleased to note that the young lady is a resident of the queen city of Medford.

Mrs. S. M. West has been engaged as a teacher of painting in the Medford business college, commencing with the fall term. Mrs. West has been an instructor in painting for several years, and as her work shows, she is an adept in that line. In the capacity which the lady assumes at the college she will teach painting in oil, pastel and crayon and as all know, who have seen her art handwork, the acquisition of these lines of study and by so efficient an instructor will be appreciated by college attendants and will doubtless tend much toward furthering the popularity of that institution. Several of Mrs. West's productions have been awarded first prizes at different fairs in both Oregon and California.

The public school band came out Saturday evening and gave Medford people a treat to some of their most excellent music. Every time we hear the music of that band we think a whole heap more of Medford and our public school. The boys do nicely and if every parent whose son is a member of this band isn't proud of him then there is something wanting in the way of parental regard. The band rendered several fine selections in front of C. W. Wolters' place of business and when through the good natural Charlie asked them all in for a drink of pop. It is noticeable that the band is playing more difficult music than a few months ago and as they seem to handle it as readily as did they the more easy piece it is demonstrated that they possess the material requisite to musicians of high position.

Administrator I. L. Hamilton, in accordance with announcements made heretofore, conducted a public sale of all personal property belonging to the Hanley estate last Monday. Wm. Owen, of Central Point was the auctioneer and Alex. Galloway, of Medford, clerk. There were seventeen horses sold which averaged all the way from six to one hundred and ten dollars. The average price was considered to be fairly good. The cattle, particularly the stock cattle and cows, went very low. Thirty-five head of yearlings brought \$125; 27 two-year-olds sold for \$125; 22 cows and calves for \$150; 23 head of dry cows for \$150; 26 head of beef cattle brought \$290; 40 head of spayed beef cows, \$25; 23 head of beef steers \$430. The household goods were sold quite low and most of them were bought by the children—very few bids being offered against them as it was considered they ought to be given the first chance and at a reasonable figure.

Henry Smith's store for bargains during the next 20 days. Men's hats, men's, boys' and girls' straw hats, embroidered and yarns, all at cost.

At St. John's, near Portland, Friday evening June 9th, Mr. Frank T. Howell, pastor of the M. E. church at that place, formerly of Ashland, and Miss Mary Loretz, daughter of L. Loretz of this city, both students of Portland University, were married, Rev. C. C. Stratton, president of the university officiating.
