Striking Bargains in Clocks.

Clocks that strike and clocks that don't. Big clocks and little clocks and middle-sized clocks, and every one a bargain.

The Century Dictionary says a bargain is "something bought or sold at a low price." According to that every thing I sell is a bargain. Everything I sell—no matter how little or how great the amount of money involved—is sold at a low price—quality considered. The special clocks I was thinking of are the

A WRITE-UP---MEDFORD IN SECTIONS.

Brief Mention of Our City's Beautiful Homes--Where Located and by Whom Owned--Fruit Orchards, Berries and Vegetables in Abundance and Flowers Galore.

A Pen Picture of the Most Beautiful and Thriving City in Southern Oregon--Surrounded by Rich Mineral and Agricultural Land and Unsurpassed Fruit Farms.

One of the prettiest streets in Medford and upon which there are many fine residences and well kept lawns and gardens is North B street. The street entire seems particularly adapted for lawn improvements and the good people who reside thereon are not slow to improve the natural advantages given them. Were your reporter called upon to decide the most cozy and home-like place on the street he would be in duty and conscience bound to exclaim—"all of them."

The first place we stop at to pencil a few notes is that owned by HON. GARY T. JONES.

Mr. Jones' beautiful home is on First street between A and B. It is the property formerly owned by Ex-Councilman J. W. Short and is a true picture of the ideal home. There are four acres in the plot, a good portion of which is well set out to fruit and berries. Facing First street is the fine two story residence around which is a fine lawn and flower garden and several beautiful shade trees. Mr. Jones has been a resident of Medford only since last May but ample time has been given him to arrive at the conclusion that it is without a doubt the best city to live in in Southern Oregon. He was formerly from Corvallis, Montana,—at which place he was engaged in stock raising and civil engineering. He was at one time a member of the state legislative assembly—elected on the republican ticket. The gentleman is making many improvements about his home by way of re-arrangement of buildings and grounds.

Adjoining Mr. Jones on the west and at the head of B street is the nicely laid out and conveniently arranged home of MR. D. T. LAWTON.

Mr. Lawton has an acre and a half of ground, but it is so thickly planted to all varieties of fruits, vegetables and berries that one would almost believe the plot to contain double that amount of land. Mr. L. has a finely arranged and very attractive residence, the porches of which are covered with vines of the passion flower and full of blooms. The premises throughout show careful attention—due to the skilled hand of Mr. B. Rice, Mr. Lawton's father-in-law. The vegetable garden is amply filled with all that heart could wish for in that line—water melons, almost ripe enough for "plugging," pumpkins half the size of wash tubs, potatoes, corn, well, everything immense. In the flower garden is a treat for the eyes of all who have a fondness for the beautiful. Mrs. Lawton has seven-five different varieties of ever blooming roses which she cares for with a tenderness akin to the devotion usually bestowed upon our pets of real life. Mr. Lawton is formerly from Rock county, Wisconsin, and has resided in Medford six years. He is the Medford manager for the well known implement house of Mitchell-Lewis & Staver company.

From this place we cross to the corner of B and Second street where resides MR. P. MCGEE.

The property is owned by I. J. Phipps. Mr. McGee is from Eastern Oregon where he was extensively engaged in stock raising. His vocation is, at present, that of a teamster and is now out in the hills with Mr. Leadbetter's railroad party. He will be engaged this coming season in operating Mr. Bebe's threshing outfit. He has resided in Medford only about a year.

Between Second and Third streets and fronting on B is where the good natured S. H. Murray has anchored a base. The property occupied by this gentleman is owned by John Dyer, of Jacksonville. Mr. Murray is formerly from Illinois but has resided in California and Oregon twenty two years. He is one of the early-day miners of California and to him belongs the honor of having picked up the largest nugget of gold ever found in the famous Illinois valley—\$817 in clear gold. Mr. M. is now engaged in gathering up farm produce of almost all nature and does such an extensive business as to make it quite remunerative.

One notch nearer the city center and on the corner of Third and B streets is where the above gentleman resides. Mr. F. is formerly from Oakland, California. He has resided in Medford since last fall and during that time he has built up a good, paying business in his line, which is that of merchant tailoring. He is a thorough, practical cutter and fitter and deserves the good run of work which he is receiving. A recent purchase of his is a four acre tract of land in the Mingus addition to Medford.

On the corner of B and Third streets is the very pleasant residence of the above lady. She has two lots and a very neat, cozy residence about which is planted flowers in great profusion, while the berry and vegetable gardens are productive to a degree of great worth, and all well cared for by Mrs. Denison's brother, Mr. T. F. West, who resides with her. Mr. West is quite an extensive land owner in and about Medford. He owns several town lots upon which are residences, kept for rent. Another fine piece of property owned by him is the tract of nineteen lots of from one-fourth to two and one-half acres each, and near the center of which is situated the new business college. Mr. West has as a memento of the late rebellion, which he prizes very highly, a portion of Gen. Slocum's flag which was so badly shattered and torn in the battle of Bull's Run.

The southwest corner of Fourth and B streets is owned and occupied by Mr. F. Hubbard. There is one-fourth of a block contained in this gentleman's plot, near the center of which is a large two story resident house, the general appearance of which has but recently been improved by a coat of paint, both inside and out. Mr. H. was at one time an agricultural implement dealer in Medford, but late years his two sons, Asahel and Otis conduct the business, on the southwest corner of A and Seventh streets. Mr. H. is formerly from Dallas county, Iowa, and has been a resident of Medford for nine years.

On the southwest corner of B and Fourth streets is the finely arranged premises and home of MR. G. H. HASKINS.

His lot embraces one quarter of a block and is well planted to shrubbery, flowers, fruit, berries and vegetables. His house is a neat, cozy structure, a good portion of which, together with a well kept lawn is nicely shaded from the sun's scorching rays by a grand, old-spreading and beautiful oak tree. Flowers, particularly roses, fill the yard with a great labyrinth of variegated beauties. Aside from this property Mr. H. owns a quarter of a block on the corner of Sixth and F streets which is a most desirable building spot. There are also a couple of good resident lots on North C street, in the Beatty addition, which are granted with his ownership. This gentleman is formerly from Fullerton, Neb., and has resided in Medford nine years. He was one of the pioneers of the city and when he first cast anchor here there was not a finished building on what is now our principal business street. His business is that of druggist, and he has conducted very successfully, and profitably, a well stocked drug store on Seventh street for a number of years.

Between Third and Fourth streets and on the east side of B is where W. W. Cardwell resides. The property is owned by T. F. West, is nicely located and well kept. Mr. Cardwell's vocation, right at the present time, is that of shying both eyes in the direction of the expected good sized gold brick which the Comstock of Oregon mine will clean up about the first of August. Mr. C. is the locator of this famous mining property and is at present part owner.

On the northwest corner of Fourth and B streets is a very pleasantly situated residence owned by S. Rosenthal, the Seventh street clothier, and occupied by Mrs. L. M. Culp, who gains a good competency for herself and family by keeping

boarders and those who partake of the necessities of life at her table are not backward in recommending her hospitality to their friends. The lady has resided in Medford seven years, and is a native born Rogue river valleyian.

MR. F. W. LUTKEMEIER.

One of the several fine pieces of property on B street is that owned by C. T. Nicholson and occupied by Mr. Lutkemeier. The grounds are nicely arranged and fruits, berries and flowers abound. Several fine shade trees give ample shelter from the sun's rays and add beauty to the surroundings. Mr. Lutkemeier has resided in Medford about one year; came here from Portland, but formerly from Germany. He has been connected with the Southern Oregon Brewing company since coming to Medford.

The one-fourth block situated at the southwest corner of B and Fourth is owned by MR. J. E. WEST.

There is on this property a neat cottage residence which is occupied by Dr. W. H. Grant and family, and Mrs. West. Dr. Grant came to Medford a few months ago for the practice of his profession. He has office rooms at the residence. Mr. West resides at Loyaton, Calif., where he has large stock interests. Mrs. W. makes Medford her home because of enjoying better health here than in California. The lady will have charge of the art department in the Medford business college at the commencement of the fall term. The place where these people reside is a very pleasant one and well taken of.

MR. A. N. WOODY

Has as well arranged residence and grounds on the southwest corner of B and Fifth street as you often find. He has a fourth of a block, near the center of which is a good, substantial two story dwelling, surrounded by fruit trees and berries. Mr. W. has resided in Medford only about a year but sufficiently long to convince him that our city is the acme of earthly existence and he is as happy as a clam when the tide is in. Aside from this piece of property the gentleman owns eighty acres of land three miles east of Medford and the same is mostly planted to a young orchard. He is formerly from Jasper county, Iowa.

Adjoining Mr. Woody's place on the south and situated on the corner of Sixth and B street is one of the most beautiful pieces of residence property in Medford and is owned by MR. G. W. GALLOWAY.

This property comprises a quarter of a block and upon which stands a very decidedly pleasant, homelike dwelling. On the east and south sides is a veranda over a good portion of which grows rose bushes and climbing vines. At the south of the house is a fine lawn in the center of which is a large oak tree, and the afternoon sun disturbs not the house occupants. At the north and east is as fine a fruit and vegetable garden as has yet been found in our pilgrimage. There are berries a plenty, and as Bill Nye says, they are red, rasp, black and straw. Mr. Galloway is formerly from Corvallis, Montana, and has been a resident of Medford two years.

[We are obliged to continue the mention of some of the residences on this street until next week.]

Strength and Health.

If you are not feeling strong and healthy, try Electric Bitters. If "the grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on the liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50c. at G. H. Haskins' drug store.

According to a compilation of the census of the world recently published in Germany, there are only twelve cities with over 1,000,000 inhabitants, four of which are in China. London leads the list with 4,415,958; New York and Brooklyn combined rank third, with 2,353,150.

The bible has been translated into 157 of the leading languages, which are spoken by about 600,000,000 people. Adding to these figures those of the minor tongues, it is a fair estimate that the Bible is now accessible to fully 1,000,000,000 souls, fully two-thirds of all mankind.

A Woman's Remedy for Inflammatory Rheumatism.

I am an old sufferer from inflammatory rheumatism. The past winter it came upon me again, very acute and severe. My joints swelled and became ladsened, sore to touch or almost to touch at. Upon the urgent request of my mother-in-law, I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise it did both. I have used three fifty-cent bottles and believe it to be the best thing for rheumatism, pains and swellings extant. D. E. Carr, 1235 Harrison St., Kansas City, Mo. For sale by G. H. Haskins, druggist.
