A veritable dime novel event took place a few days ago on Horse Prairie, Beaver Bend, Mont. A dispatch from New York says: California fruit growers are evidently determined to make hay while the sun shines. Taking advantage of their superior climate, which enables them to begin selling fruits earlier than the Eastern growers, and keep it up longer, they are just now monopolizing the markets of their offerings. It is a little too soon for the great peach orchards of Delaware and New Jersey to be heard from. Nothing like the present display of California fruits was ever seen here before.

With the curious request that his body go to the dissecting table "for the benefit of humanity," and after having kept two pistols by his side for ten years with which to avoid lingering illness, of which he had a horror, Francis Hoffman, a wealthy German merchant of Olympia, Wash., died three hours after an operation. He left an estate valued at nearly \$200,000. When the final operation came, Hoffman warned his physicians that the time must be 9 o'clock, not one minute sooner or later. He left all his property to his wife. He made the request that his wife see that his only daughter, whom he disinherited for marrying against his will, should never want for anything.

A Woman's Remedy for Inflammatory Rheumatism.

I am an old sufferer from inflammatory rheumatism. The past winter it came upon me again, very acute and severe. My joints swelled and became inflamed, sore to touch or almost to touch. Upon the urgent request of my mother-in-law, I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise it did both. I have used three fifty cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. D. E. Carr, 1235 Harrison St., Kansas City, Mo. For sale by G. H. Haskins, druggist.

A fierce forest fire is now raging in the mountains a few miles from Canyonville. The flames cover an area of ten miles square. The Oregon and California wagon road is blocked by falling timber. The road will be opened up again in a few days so travel can be resumed.

Cattle buyers are in Klamath county offering \$18 to \$21 per head. This is about what the cattle sold for last year, but as the first offers are usually a little lower than the average prices for the season, it is probable there will be a slight improvement over last year when sales begin. Beef cattle are in better condition than last year, and buyers could afford to pay a little more upon the same market rates.

A Good Thing for Summer Complaints. Mr. J. W. Hager, a well known merchant of Clio, Ireedell Co., North Carolina, cured four cases of flux with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is the most prompt and most successful remedy in use for dysentery, diarrhoea, colic and cholera morbus. No other medicine will take its place or do its work in this class of diseases. It is equally as valuable for children and adults. 25 and 50 cent bottles for sale by G. H. Haskins, druggist.

IN CONNECTION WITH THE FAIR.

Expenses of the Exposition are being curtailed. All unnecessary employes have been discharged.

Anthony Comstock is in Chicago, and endeavoring to suppress the dancing girls on Midway pleasure.

Four directors have been fined \$1,000 each by Judge Stein for contempt. Some time ago the court issued an order to keep the gates open Sundays. The directors ordered the gates closed two weeks ago. Director Davis was fined \$500.

The grand jury at Chicago inquiring into the cold storage warehouse fire has received information that the disaster was the work of incendiaries, that an organized band of thieves had been robbing the warehouse and to cover up their tracks fired the building. A sensation is looked for.

President Higginbotham of the World's Fair council of administration says: "When we can say that with the best half of the Exposition season before us, we are out of debt, we think we are doing well. Inside of five days we will have all the funds necessary to pay every debt we owe. The assertion that \$1,000,000 would not put us even is entirely false."

The Masonic Temple block at Fresno burned recently. It is supposed the fire was the work of an incendiary.

A feud between the Smith and Howell families at Newark, O., terminated in a fight in which one man was killed and four wounded.

John Bahler of Battle Creek, Mich., tells a wonderful story. Thirty-two years ago, he says, he became totally blind. In the school for the blind at Janesville, Wis., one eyeball was removed, and a year later the other was taken out by Dr. Ryder of Rochester, N. Y. In each case the end of the optic nerve was left as a stub. Bahler wore glass eyes for ten years, and then smoked glasses. A year ago last April, at his home in Fresno, Cal., he suddenly saw a light. Upon examination it was found that new eyeballs were growing on the end of the optic nerves. Physicians in Fresno examined his eyes and said it was the most curious thing they had ever heard of. Since then Bahler's eyesight has been gradually improving, and now he can tell such colors as white, yellow and red. Bahler is a devout Adventist, and believes that his cure is a direct answer to his prayers and his faith.

RECORD OF CRIMES AND ACCIDENTS.

Near Montgomery, Tex., three negroes attacked the house of M. Marsh, killed him, assaulted his wife, murdered an infant and cut the tongue out of a 7-year-old child.

Ex-Vice-president Levi P. Morton's immense barn, near Rhinebeck, N. Y., with outbuildings and 100 head of Guernsey cattle and all farm horses were burned. The loss is over \$100,000.

William Evans, arrested for the murder of Wells-Fargo's messenger Tovey, in Amador county, Cal., in June last, made a full confession to Sheriff Thom that he is the man who shot and killed Wells-Fargo's messenger.

The Ogden grand jury found four indictments against Oscar E. Hill, late cashier of the Commercial National bank of Ogden. He is charged with embezzlement, perjury, falsifying the records of the bank and making false returns to the bank officials.

L. W. Breitenbach, city marshal of Santa Rosa, Cal., has been arrested. Much trouble was had with Breitenbach at various times in getting the taxes and license monies properly turned into the treasury. He is now charged with embezzling money belonging to the city, and a warrant is out for his apprehension.

Died in Accordance with His Will. On the Friday before his death General Butler sent for a business friend, and in the course of the conversation the sudden death of a mutual friend, the late Vice-President Du Barry, of the Pennsylvania road, was mentioned. Mr. Du Barry had finished his day's work and then died. General Butler said to his friend:

"And that is the way I wish to die when my time comes. I am in no haste to leave this world. I shall be well content to stay here some years longer, but when my time shall come that is the way I wish to go. I want to do my day's work and die."—Hartford Courant.

The Best Medicine.

J. O. WILSON, Contractor and Builder, Sulphur Springs, Texas, thus speaks of Ayer's Pills: "Ayer's Pills are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

Permanently Cured

by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colic. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction than any other pill I ever sold."—J. J. Perry, Spottsylvania Co., Va.
